What else is going on for Kids, MSM, and HSM?

Over the years we've learned that being one church in multiple locations means we need to rally around bigger events like camps and retreats and give each campus the opportunity to coordinate activities that connect them to their local schools and communities.

The events listed here are the big ones that we want all families to know about for 2026-2027. For events and activities that are local to your campus please bookmark our events page.
