

Fast-track your retirement savings **with medStream.**

Doctors use leverage for their education and to build their practice. Why not use it to help create their retirement income?

You use leverage for your education and to build your practice. Why not use it to help create your retirement income?

It's no different than utilizing leverage to make any large purchase: By using borrowed money, you can purchase a much larger policy than you would by self-funding using the same out-of-pocket costs.

Accelerate your retirement savings for a comfortable post-practice life.

Med Stream enables doctors to rapidly accelerate their retirement savings. With just five years of superfunding, you can establish a robust retirement plan for a comfortable post-practice life.

The Stream Protection Plan is designed for accredited investors and is not suitable for all clients as it involves some risks. The indexed universal life insurance policy used is issued by a third-party Life Insurance company and involves both guaranteed and non-guaranteed elements. Policy performance and financing terms are not guaranteed. Illustrations and projections are hypothetical, for educational purposes only, and do not guarantee future results. Actual outcomes may differ materially. This material is not tax, legal, or investment advice. Please consult your independent advisors.
