

AIR CADET CHARITY FINANCIAL TRANSPARENCY POLICY

Overview Statement

Our Financial Transparency Policy defines the charity’s commitment to managing resources with integrity, openness, and accountability. It applies to trustees, staff, and volunteers, ensuring that all financial activities—from reporting and reserves management to grant-making and fundraising—are conducted in a clear, complete, and timely manner. The policy supports our strategic objectives of sustainable funding, maximising grant impact, and strengthening governance by outlining principles of accountability, clarity, completeness, and timeliness. Through annual reports, audited statements, and regular updates, we provide stakeholders with accessible information on financial performance and the impact of donations. By maintaining transparent reserves practices and communicating our approach to funding allocation, we aim to build trust with donors and beneficiaries while demonstrating responsible stewardship. Governance oversight by trustees, regular audits, and stakeholder feedback further reinforce our commitment to ethical conduct and continuous improvement in financial transparency.

Date policy to be reviewed: August 2026
