

WHAT IS ESPORTIAN?

Esportian is an international education platform that **helps students** get placed into real universities while also gaining access to collegiate esports teams and scholarship opportunities.

Students can pursue any degree they want (e.g. business, engineering, design, marketing), while continuing to play competitively in titles like Call of Duty, League of Legends, Valorant, Rocket League, Counter Strike, and more.

We help them balance their academic and competitive goals with structured support.

WHAT WE PROVIDE

Guaranteed University Placement
We place each student in an accredited institution

Scholarship Access
Both academic and esports-based financial support

Collegiate Esports Integration
Students compete for their school's team while earning their degree

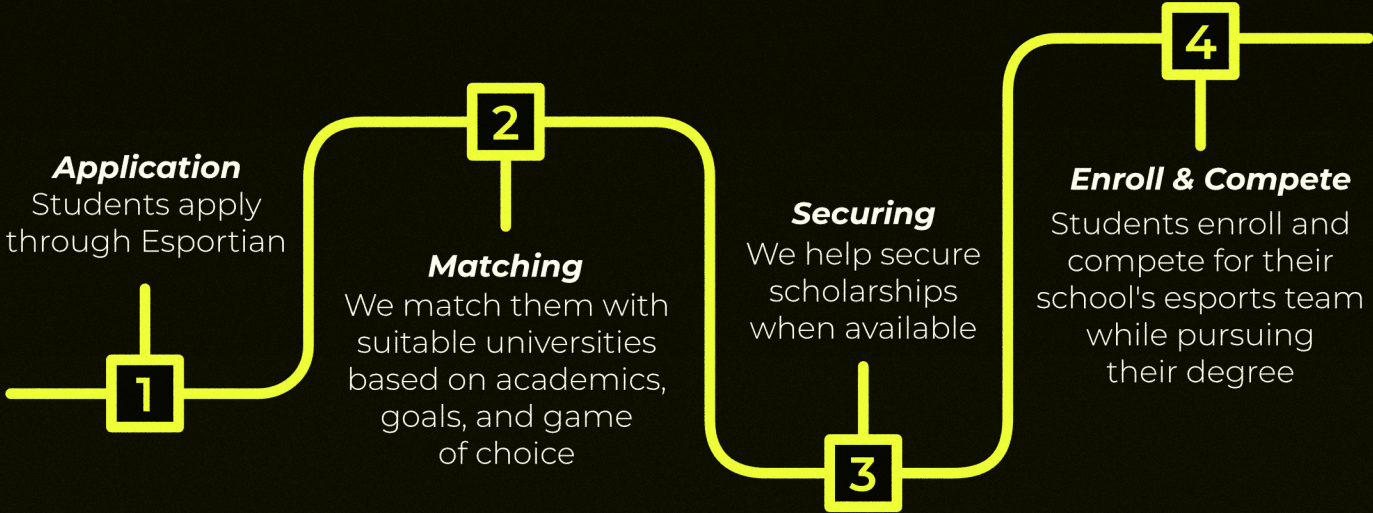

Dedicated Academic Support
From application through enrollment

Visa Support
When applicable for international students
