

## SIGN-AD®

A printable vinyl with a low to medium tack adhesive, for an effortless application, repositioning, and removal. Available as a gloss clear film, it allows the creation of single and double sided window graphics.

### SIGN-AD®

Sign-Ad® is a repositionable film designed for easy, dry application and offers clean removal for up to 12 months without residue. It lays flat during printing, ensuring a smooth production and reliable results.

Optimised for very smooth surfaces such as glass and stainless steel, it is suitable for both indoor and outdoor graphics, with an outdoor durability of up to three years.

Available in gloss clear, the film comes in wide format rolls compatible with eco-solvent, latex, and UV inks.

### APPLICATIONS

- Window graphics
- In-store promotional signage
- Double-sided window signage
- One-way window graphics
- Glass or metal freezer and cooler doors
- Price stickers
- Trade show and event signage

Certified for  
HP Indigo
