DID YOU KNOW...

The sun only rises in the North Pole once a year.

The blue whale is the largest animal on earth weighing as much as 30 elephants; its tongue alone can weigh up to 8,000 pounds!

Sharks are older than both trees and dinosaurs with the earliest evidence of them dating back 450 million years ago.

What has hands but cannot clap?

What has to be broken before you can use it?

What can travel around the world while staying in a corner?

Answers from left to right, clockwise: A clock. A stamp. An egg.
