

SAN DIEGO COUNTY DENTAL FOUNDATION

OUR MISSION

THE MISSION OF THE SAN DIEGO COUNTY DENTAL FOUNDATION IS TO ADVANCE ORAL HEALTH, EXPAND ACCESS TO CARE, IMPROVE OVERALL WELL-BEING, AND TRANSFORM SMILES ACROSS OUR REGION.

ABOUT US

Founded by San Diego dentists in 1978, the San Diego County Dental Foundation has worked for decades to expand access to care and support oral health education throughout our community. From school-aged children to formerly homeless veterans, we strive to improve lives, restore dignity, and build a healthier San Diego for all.

OUR IMPACT

Free Care for Veterans

Hundreds of veterans recovering from homelessness and addiction receive comprehensive dental services every year.

Healthy Smiles for Kids

Foundation volunteers help provide classroom education, free screenings, and preventive care to children throughout the county.

Community Well-Being

Countless volunteer hours invested annually in initiatives that restore dignity, improve health, and change lives.

At the San Diego County Dental Foundation, we see every day how access to dental care restores not just health, but dignity and hope. From veterans rebuilding their lives to children learning the value of a healthy smile, our work is about transforming lives one person at a time. None of this would be possible without partners like you who share our vision of a healthier, stronger community. Together, we can ensure that smiles — and futures — shine brighter across San Diego.

T.J. ZANE
EXECUTIVE DIRECTOR

OUR FLAGSHIP PROJECT THE JOHN GEIS DDS DENTAL CLINIC

Recognizing the critical need for access to care, the Foundation established the John Geis DDS Dental Clinic on the campus of Veterans Village of San Diego to provide comprehensive, no-cost dental treatment to veterans rebuilding their lives.

Featuring state-of-the-art equipment and compassionate volunteer providers, the clinic serves as a cornerstone of hope and healing for those who have served our country.

REAL PATIENT, REAL STORY

“I’ll never forget the moment I saw my new smile—it was something I never thought I’d have again. As a veteran, I had lived with pain and embarrassment for years, knowing I could never afford the care I needed on my own. Thanks to the Geis Clinic and the San Diego County Dental Foundation, I not only received a complete smile restoration, but also the confidence, health, and dignity to move forward in life with pride.”
