Staffing Arrangements

The Manager of the Day Care is Karon Hilsden. Staffing arrangements at our home are based on the individual needs of the residents.

We have a specialist care team that treats each of our adult day care visitors with the dignity and respect they deserve, to help them stay active and retain their independence.

Every member of our team is fully qualified, and all share the same goal: to provide the very best care to everyone who steps through our doors.

Funding

If you need a little support or help funding your loved one's day care, there are options available. Your local council can undertake a financial assessment and provide you with a budget for day care services, even if you own your home.
