SHUKO X YSASI

CAJAS

About the collaboration:

Cajas is our first studio collaboration with our friend Shuko-san of Mano del Sur.

It comes from a shared appreciation for crafts-manship in Japan and Mexico, and a mutual love for cajas (boxes) as forms used throughout art and design.

The project blends Shuko's weaving with our light boxes, playing with form, material, and light. Together, the works explore how traditional craft and contemporary design can come together.
