

Vehicle Return Locations

If your vehicle is being replaced by ORIX, the delivering dealership will coordinate the exchange with you directly and arrange for your old vehicle to be returned.

To assist in this process, make sure your old vehicle is clean and tidy, has all the accessories and additional items it was delivered with (including both sets of keys and any vehicle handbooks) and is empty of any personal belongings at the vehicle handover.

If your vehicle isn't being replaced by ORIX, or if it is more convenient for you to do so, you can return the vehicle to one of our operations centres below:
