

Electricity Bill Credit

The Pines Wind Farm Proposal includes a 35-year Community Benefits Package containing:

- a large Community Benefits Fund
- a Nearby Neighbour Program
- annual contributions to Council
- a \$5 million Legacy Project Fund
- a Fire Fighting Fund
- an Electricity Bill Credit for eligible households*

*Eligible households

Includes every household in the suburbs of:

- ▶ Abercrombie River
- ▶ Arkell
- ▶ Bald Ridge
- ▶ Caloola
- ▶ Hobbys Yards
- ▶ Rockley
- ▶ Triangle Flat
- ▶ Trunkay Creek
- ▶ **and every household in the Oberon Local Government Area (LGA)**

Find out if your house is in the Oberon LGA:
olg.nsw.gov.au/public/find-my-council/

As part of The Pines Wind Farm Proposal, every eligible household* is entitled to a \$100 annual Electricity Bill Credit¹.

If the Proposal later goes into construction the annual Electricity Bill Credit will be increased to \$250 per year and extended for 35 years¹.

If you live an eligible household and receive a yearly, quarterly or monthly electricity bill for your home, you qualify for annual Electricity Bill Credit payments during investigations, planning and approvals, construction and future operations of The Pines Wind Farm Proposal¹.

How to submit your electricity bill by email

Take a photo of your electricity bill showing your name, your address, your retailer's name, and your retailer's BPAY details and email to: billpay@thepineswindfarm.com.au

How to submit your electricity bill in person

Drop in to the Oberon Library (74A Dart St) on Tuesdays from 10am to 2pm in Function Room 3 with a recent electricity bill and our team will help you claim your payment.

¹ Payments will be seen as a credit on your next electricity bill. See our website for full terms and conditions.

Frequently asked questions

Why are we offering \$100-\$250 Electricity Bill Credit?¹

We understand the importance of delivering targeted local benefits in the communities that we are working in. That is why The Pines Wind Farm proposal includes shared revenues through our Community Benefit Package, the Nearby Neighbour Program, and these Electricity Bill Credit payments.

Am I eligible?

If you live in the Oberon LGA, Triangle Flat, Bald Ridge, Abercrombie River, Trunkey Creek, Arkell, Hobbys Yards, Caloola or Rockley and receive a yearly, quarterly or monthly electricity bill for your home you are eligible for annual Electricity Bill Credit payments during investigations, planning and approvals, construction and future operations phases of The Pines Wind Farm proposal.

How do I get my payment?

By email: Take a photo of your electricity bill showing your name, your address, your retailer's name, and your retailer's BPAY details and send it via email to billpay@thepineswindfarm.com.au

In person: Drop in to the Oberon Library (74A Dart St) on Tuesdays from 10am to 2pm in Function Room 3 with a recent electricity bill and our team will help you.

How much will I receive?

Eligible households will receive \$100 per year during the planning and approvals phase and up to the start of construction.

From the start of construction, eligible households will receive \$250 per annum for the life of the wind farm. CPI will apply to this \$250 payment from the start of construction.

How will the payment show up on my bill?

Once your eligibility is confirmed, a payment will be made directly to your household electricity account via BPAY. You will see this on your next bill as a credit.

Can I do this every year?

Yes, you can¹.

Who are TagEnergy and Stromlo Energy?

TagEnergy is a global clean energy enterprise with a portfolio of >10GW of projects across Australia, France, Germany, Japan and the UK, of which >2GW is under construction or operation. TagEnergy's premier project is the Golden Plains Wind Farm in Rokewood, Victoria. When completed at 1300 MW, it will be the largest wind farm in Australia and one of the largest in the world.

TagEnergy has engaged Stromlo Energy to lead the investigations and planning and approvals phases of The Pines Wind Farm. Stromlo Energy will lead community engagement as well as planning and environmental approvals.

Stromlo Energy is a 100% Australian-owned, expert renewable energy project developer. The Stromlo Energy team has delivered more than \$6 billion of operating energy projects in Australia.

¹Payments will be seen as a credit on your next electricity bill. See our website for full terms and conditions.

How do I get involved?

We're seeking your input, your ideas, and your patience over the coming years as we work to make The Pines Wind Farm Proposal the best it can be for the greater Oberon community. We want to hear from you:
