Product Data Sheet

Quick Click Smart Line

The **Quick Click Smart Line** sign impresses with its innovative opening mechanism, enabling quick and easy changing of the insert. Simply slide and tilt the frame to detach the entire backplate. This is done from the front of the sign, making access possible even when space is tight. The Quick Click Smart Line therefore combines ease of use with aesthetic appeal. It is also available with a 0.5 mm thick non-glare PVC film.
