

FS Series Rotary Screw Air Compressors

The Tamsan-USA **FS Series** Rotary Screw Air Compressor sets a new standard with its flip-top service hood and gas-assist spring. Designed with the user in mind, this layout provides easy access to service components, resulting in faster service times and reduced physical strain – making it the easiest **direct-drive VSD screw compressors** to service.

This rugged and quiet machine is built to go the distance. That is why we back the **FS Series** compressor with our **lifetime airend warranty**.

General equipment information:

- 32psi adjustable minimum pressure check valve
- Normally closed, load-empty suction valve with command
- 2 micron resolution dry-type air filter
- 71 F controlled thermostatic valve
- Microglass front fiber air panel filter
