

# F Series Rotary Screw Air Compressors

The Tamsan-USA **F Series** Compressor sets a new industry standard with the Flip top service hood and *gas assist spring*. With the user in mind, this design allows for easy access to service parts for faster service time and less physical strain making it the easiest screw compressor to service. This rugged, quiet machine can go the distance. That is why we back the **F Series** compressor with our **lifetime airend warranty**.

## General equipment information:

- 32psi adjustable minimum pressure check valve
- Normally closed, load-empty suction valve with command
- 2 micron resolution dry-type air filter
- 71 F controlled thermostatic valve
- Microglass front fiber air panel filter

For additional information about the compressor, scan the QR code.
