The “Battle for the Bases” Invitational Softball Tournament is the latest exciting initiative presented by **Jenni-Lee Delport** — a passionate sports organiser with over 15 years of experience in the school sports industry.

Jenni-Lee’s involvement in school sports began with a strong focus on netball, where she established herself and her team as dedicated coaches, organisers, and mentors for young athletes. Over the past 13 years, she has specialised in hosting successful sports tournaments and training courses, recognised for their excellent planning, professional administration, and meaningful impact on participants.

For the last 4 years, Jenni-Lee has also been actively involved with Zwartkloof Private Game Reserve as a custodian, where she has contributed to the development of youth sports events in a safe and family-friendly environment. Her proven ability to manage high-quality, memorable sporting events has made her a trusted figure in the school sports community.

Her decision to introduce an annual softball tournament stem from a personal and professional journey driven by a love for the game and a desire to uplift the sport within South Africa. Having played softball at an international level herself, Jenni-Lee understands the powerful, positive impact the sport can have on young players and their supporters. She is motivated by the opportunity to showcase young talent, create lasting experiences for participants, and foster a spirit of healthy competition, camaraderie, and teamwork.

The “Battle for the Bases” Invitational Softball Tournament, launching in 2026 at Zwartkloof Private Game Reserve, promises to be a standout event on the national softball calendar. It will bring together schools and players from across the country in a professionally managed, safe, and welcoming environment.

With years of experience, a proven track record, and a genuine passion for sport development, Jenni-Lee and her team are committed to delivering a tournament of the highest standard — one where players can thrive, friendships can flourish, and sporting memories are made.

For more information or to enquire about participation, Jenni-Lee is always available to connect with schools, coaches, and parents.
