

FACT

**THE PrEP RING
CANNOT GET LOST
INSIDE YOU**

The PrEP ring cannot be pushed up too far or get lost in the body as it sits near the cervix and fixes itself. Any activity can be performed with little or no discomfort.

FACT

**THE PrEP RING
DOES NOT AFFECT
SEXUAL PLEASURE**

Prior studies have shown that the PrEP ring has little to no effect of sexual pleasure and cannot be felt by male partners. As it sits on the cervix, it cannot be pulled out during sex and offers protection for women against HIV.

FACT

**THE PrEP RING
HAS LITTLE TO NO
SIDE EFFECTS**

The PrEP ring cannot be pushed up too far or get lost in the body as it sits near the cervix and fixes itself. Any activity can be performed with little or no discomfort.

FACT

**THE PrEP RING
DOES NOT PREVENT
PREGNANCY**

The PrEP ring only reduces the chances of HIV-1 infection during vaginal sex. It will NOT prevent you from getting pregnant.

FACT

**THE PrEP RING DOES NOT
AFFECT MEN'S SEXUAL
HEALTH**

The PrEP ring only reduces the chances of HIV-1 infection for women during vaginal sex. It does NOT affect men's sexual health or cause any medical problems.

FACT

**THE PrEP RING
ONLY PROTECTS
AGAINST HIV**

The PrEP ring only reduces the chances of HIV-1 infection for women during vaginal sex. It will NOT prevent you or your sexual partner from contracting other sexually transmitted diseases.

FACT

**THE PrEP RING IS NOT
EASILY DISLODGED
DURING SEX**

Prior studies have shown that the PrEP ring has little to no effect of sexual pleasure and cannot be felt by male partners. As it sits on the cervix, it **CANNOT** be pulled out or dislodged during sex and offers protection for women against HIV.
