Updates from

Haiti

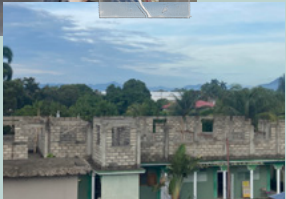

Our Cap-Haitien Medical Center Expansion underwent much progress, and we began work on a brand new remote clinic in Bois de Lance!

Cap-Haitien

Huge thanks to everyone who attended our Pie & Chai events to see Phase 1 of the Haitian Medical Center Expansion fully funded! Phase 1 includes exam rooms, laboratory, pharmacy, well room, and guard house for security. Here are some recent photos of its construction.

Bois de Lance

In November our team visited the village of Bois de Lance, dedicating the land for our newest Haitien Remote Clinic. In anticipation, its citizens had already brought piles of sand/stones to the site. They currently have no access to healthcare. Thanks to Grace Powell Church for fully funding this project!

Updates from

Central African Republic

In 2024 we opened a second remote clinic in CAR, and broke ground on a third!

2025 will be another year of opening remote clinics surrounding Bangui.

Gomoko

Infirmierie Belagoro

Infirmierie Belagoro was opened at the Grace Brethren Seminary in the fall!

Bangui

Cite Dongue

Construction for the Cite Dongue Remote Clinic is well underway, and we hope to finish it in Q1 of 2025!

This location will offer primary care, laboratory services, pharmacy, and maternity services.

Staff 2023 → 2024

Stateside

0 Part Time Staff → 4 Part Time Staff

2 Full Time Staff → 3 Full Time Staff

Central African Republic

24 Full Time Staff → 30 Full Time Staff

Haiti

12 Full Time Staff → 15 Full Time Staff

Meet Jay

Our team has been blessed to make a new stateside addition. Jay Hocking has officially joined our executive team as our COO. As we expand our ministry and add new locations, it has become necessary for us to hire Jay. Because he grew up in the CAR, he has immense experience in the culture and is fluent in the language. With his time living and working in the CAR as well as his tenure with other nonprofits in the same area, we think he is the perfect fit.

Three Strands 2024 Annual Report

A Note From Jordan Damon, CEO

On behalf of our entire team across the globe at Three Strands, I would like to thank each and every one of you - our generous partners, volunteers, and supporters. Your unwavering commitment to Three Strands' mission has been instrumental in making a profound difference in the lives of thousands of people in the Central African Republic and Haiti. Christ has been magnified, and His loving hands have been revealed, through Compassionate Health-care across all of our locations.

As we look ahead to the future... yes, the task is daunting and the needs are immense, but we are hopeful. Your support has reminded us that God is working, and He is on the move. Psalm 66:2 says, "Come and see what God has done." We hope and pray that you are encouraged by this annual report as we simply say, look what God has done! The best is yet to come.

Thank you for your partnership in the gospel and for making an impact around the world.

Stewardship Update

From **2023** to **2024**, we saw **26.8%** growth in giving!

Praise God that we have always operated in the black at Three Strands, and 2024 was no different.

This fiscal growth has made it possible for our impact to increase as needs in these areas continue to grow.
