EXECUTIVE MESSAGE

REFLECTING ON 2024

We extend our heartfelt gratitude for the generous contributions and unwavering support of 84000 throughout 2024. It was a year of remarkable milestones for us, and we could not have achieved these successes without the dedication and commitment of our worldwide community.

Thanks to the collective efforts of over **14,500 members** of our community, we raised more than **\$2.19 million**. This generosity enabled us to continue expanding and upgrading our online Reading Room, which was renamed the Collection in 2024. With this expansion, we were able to maintain free access for an increasing number of individuals, averaging **20,000 visitors** per month and totaling **225,600 visitors** over the course of the year.

We deeply appreciated the opportunities to connect with so many supporters—whether through online events or in-person outreach activities. Your support was vital in advancing our work in 2024, bringing us closer to our goal of translating the **70,000 pages** of the Kangyur into English by 2035.

With your commitment, we can carry forward the profound wisdom of the Buddha, making his words accessible to all and inspiring humanity toward greater awakening.

Once again, thank you for helping to ensure that the teachings of the Buddha are preserved, shared, and freely available for future generations.

A QUOTE FROM OUR FOUNDING CHAIR

“It is a daunting task, but as followers of the Buddha, it is our practice, it is our path, and, if you are a Mahayana practitioner, it is also our act of benefiting sentient beings. It is serving the Buddha, and therefore it is also serving all sentient beings. So we do realize that this is quite an important task that we can’t afford to ignore.”

~ Dzongsar Khyentse Rinpoche, “An Evening of Appreciation and Awareness: Buddhist Literary Heritage Project,” March, 20, 2010 at Tai Pei Buddhist Center, Singapore.

TRANSLATIONS & PUBLICATIONS

In 2024, we published **74 texts** representing **4,722 Tibetan pages**, which exceeds our annual publication target of **4,500 pages**. As of the end of 2024, we have completed more than **42 percent of the Kangyur**, and we are on track to meet our goal of translating 100 percent of the collection by 2035.

As we begin work on the next phase of our mission—translating the Tengyur—we have begun planning the translation of that collection by evaluating and prioritizing the list of texts to be published. We participated in a Hevajra workshop and are preparing translations of the Hevajra tantra. In fall 2025, we expect to publish three new commentaries from the Tengyur.

Our translation team members have contributed individually to a number of publications, participated in speaking engagements, taught classes and workshops, and joined in our other outreach activities.

TECHNOLOGY ADVANCEMENTS

FOSTERING A USER-FRIENDLY EXPERIENCE

84000 has no physical library for our translations of tens of thousands of Tibetan pages. Instead, we make all of our publications available online at your fingertips, twenty-four hours a day, seven days a week, creating a virtual nexus of the Buddha's wisdom.

Technology is important to how we achieve our mission. With the expertise of our dedicated technology team, we achieved significant milestones in digital publication and web infrastructure, including how we preserve and share globally canonical Buddhist texts. Progress included developing a new website that is more intuitive and user-friendly, implementing a robust enterprise data management platform, taking advantage of technology innovations, and laying the groundwork for future AI-driven solutions.

TECHNOLOGY ADVANCEMENTS

DIGITAL PUBLICATIONS

Throughout 2024, our team continued posting digital publications, making the words of the Buddha freely accessible to all. We published key portions of major texts such as *The Perfection of Wisdom in One Hundred Thousand Lines*. We also improved the glossary system, ensuring consistency across publications, and updated programming scripts to streamline and enhance translation accuracy.

WEBSITE AND INFRASTRUCTURE

A major achievement in 2024 was the design, development, and launch of a new website built on a modern, serverless architecture. The website enhances data management to work with various applications, and provides a more robust publishing and distribution system. The website also features a dedicated story section to highlight the activities of 84000, our community, and our team members.

AI AND DATA INITIATIVES

In 2024, the team moved a large collection of content (over 126,675 passages and thousands of works) to a state-of-the-art serverless database which can scale on demand. The team also created proof of concepts for AI tools that enable smart searching and chatting with the content as well as data analytics capabilities.

OPERATIONS

At its core, 84000 is a project of offering.

Year after year, this core tenet inspires support from the living tradition, from scholars, from passionate donors, and from dedicated volunteers—a community that believes, as we do, that wisdom is everything.

OUR TEAM

Our in-house team is composed of forty-nine diligent and generous people based in seventeen countries, who are committed to making the words of the Buddha freely available.

In 2024, we were privileged to add ten new members to our team in translation, technology, communications, and other areas. This wide-ranging group is supported by an informal network of global volunteers who support us on both ad hoc and ongoing bases. We are always humbled by their generous contributions of time, advice, and effort, and remain ever grateful for their support.

OUR WORLDWIDE COMMUNITY

OUTREACH

As part of our mission to share the Buddha’s words with the open and curious, we offered a range of online and in-person events in 2024. 84000 engaged with our worldwide community, staffing five outreach tables from Chile and California to India and Singapore, conducting four **Teachings on Sūtra** events, two **84000 in Conversation** events, and two **Sūtra Resoundings**.

TEACHINGS ON SŪTRA

- February | Chötrul Düchen: His Holiness the 42nd Sakya Trizin, Ratna Vajra Rinpoche, “Immeasurable Longevity and Wisdom.”
- May | Saga Dawa Düchen: Dzongsar Khyentse Rinpoche, “Pure Gold.”
- July | Chökhör Düchen: Venerable Thubten Chodron, “Creating Our World.”
- November | Lhabab Düchen: Raktrul Rinpoche (Dotulku), “The Secrets of the Tathāgata.”

84000 IN CONVERSATION

- April | Professor Jens Braarvig: “The Collected Teachings on the Bodhisattva (*Bodhisattvapiṭaka*)”
- November | Dr. John Canti: “The Buddha in the God Realms”

OUR DONORS

The work of 84000 would not be possible without our dedicated supporters, whose every gift makes a difference and contributes to fulfilling our mission. In 2024, significant donations were received through our **Sūtra Sponsorship** program and the **Anāthapiṇḍada Matching Funds** program. We also received contributions to the major effort to translate *The Perfection of Wisdom in One Hundred Thousand Lines* sūtra and benefited from the successful relaunch of our recurring donor program.

GEM MANDALA

In 2024, we relaunched the monthly recurring donor program as the Give Each Month (GEM) Mandala. More than **1,000 generous GEMS** contributed monthly from **54 countries** around the world. We expanded the GEM community through social media campaigns, in-person outreach activities, and newsletter stories to increase giving by more than 30 percent in 2024.

OUR GEM MANDALA

ANĀTHAPIṄḌADA MATCHING FUNDS

Our Matching Funds program offers the opportunity to truly make an impact. In 2024, we formalized our Matching Funds giving stream as the Anāthapiṇḍada Matching Funds program—renamed after the Buddha’s renowned patron Anāthapiṇḍada (“one who gives alms to the unprotected”)—and added the option to contribute at two giving tiers.

This community of dedicated Anāthapiṇḍada Matching Funds donors has helped attract thousands of GEM members, as every monthly gift is matched dollar for dollar by matching funds donations. These donors provide more than financial support—they are also some of our most visionary partners, and our most outspoken champions.

AS OF DECEMBER 2024, OUR PATRONS OF JETAVANA INCLUDE:

- ❁ Wang Jing, Ye Kong and Aona Liu (2021-current)
- ❁ Anonymous, 2021-current

WE ARE ALSO GRATEFUL TO THOSE WHO HAVE PARTICIPATED IN THE PAST

- ❁ Yoko Su, Hans Chen, Joie Chen (2017-2021)
- ❁ Sun Ping, Tian Xingwen, and Sun Fanglin (2017-2019)
- ❁ Mr. and Mrs. Wang Weituo (2017-2021)

SŪTRA SPONSORSHIP

Our Sūtra Sponsors donate the full cost of a translation project, helping to ensure that translators, editors, copyeditors, and our publication team can dedicate their time for the duration of a project. Those who support sūtra translation and publication are recognized in the acknowledgements section of the publication they sponsored.

In 2024, we received **30 sūtra sponsorships** totalling over **\$1.2 million**. Two major texts—*The Mahāyāna Sūtra of the Great Parinirvāṇa* and *The Sūtra of the Ten Wheels of Kṣitigarbha*—were fully sponsored during the year. One new sponsor from Hungary has fully supported the translation of seven new texts; another new sponsor from the UK has pledged a significant amount for a single text.

LEGACY CIRCLE

Launched in 2024, our Legacy Gifts programs empower supporters to make a lasting impact by including 84000 in their wills or trusts. These gifts are among the most transformative ways to preserve the Buddha’s wisdom for future generations.

WE HONOR OUR LEGACY CIRCLE MEMBERS BY INCLUDING THEIR NAMES BELOW:

- ☸ Martin Chen
- ☸ Thao Dinh
- ☸ Joan Edmunds
- ☸ Isabel Garrido
- ☸ Toni Whittaker
- ☸ Dakki Yu
- ☸ Anonymous

OUR FINANCES

In 2024, we garnered nearly **\$2.19 million** through our primary giving streams, including Sūtra Sponsorships, Anāthapiṇḍada Matching Funds, and Give Each Month (GEM) Mandala donations. That amount is about **28 percent** less than the overall donations received during the previous year, largely due to the enormous success of our 2023 “Perfection of Wisdom for All” public fundraising campaign, which raised **\$1 million**.

In 2024, we made strategic investments that have expanded our technology, editorial, and operating resources to achieve our mission. While expenses increased, we also recorded net realized and unrealized investment gains of **\$1.26 million**, resulting in a net gain of **\$318,000** for the year.

FINANCIAL HIGHLIGHTS

In 2024:

- ❁ We received **\$3.99 million** for translation, publication, technology, and operations.
- ❁ We raised **\$2.19 million** from all donations, and **\$1.8 million** from other income.
- ❁ We invested **\$3.13 million** to fund translation, publication, and technology projects, and **\$552,000** to fund operating expenses.

Net Assets:

\$14.18 million in 2024
\$13.87 million in 2023

ALLOCATION OF EXPENSES

-  PROGRAM SERVICES **85%**
-  MANAGEMENT & GENERAL **13%**
-  FUNDRAISING **2%**

The background of the entire slide is a photograph of a large, golden Buddha statue in a meditative pose, seated on a lotus pedestal. The statue is set against a dramatic landscape of misty mountains and a sunset sky with warm orange and yellow hues. In the foreground, there are some green plants and trees. A semi-transparent blue box with a white geometric pattern is overlaid on the left side of the image, containing the text.

THANK YOU!

You Make Our Work Possible

Throughout 2024, our generous supporters and dedicated partners were behind us every step of the way, broadening our impact and creating causes for celebration. We are deeply grateful to everyone who continues to make our mission possible.
