

Uncommon Projects

Core

New

Spring 2025

Introduction

Uncommon Projects has been making fully bespoke furniture for well over a decade – always measured, made and fitted by us. Now we're excited to introduce Core, our new modular system that delivers our signature quality with unbeatable value.

With Core, you take charge of measuring and installation, which allows us to offer Uncommon quality custom kitchens at a lower cost. Perfect for architects, designers and confident DIYers, Core delivers the kitchens you've heard of at a surprisingly affordable price.

How it works

Send us a plan of your space – whether it's an architect's drawing, an estate agent's plan or just a simple sketch. From this, we'll provide you with an initial estimate. If it fits your budget, let us know and we can arrange an in-person meeting.

With Core, you'll need to measure your own space, but if you provide accurate dimensions and meet with us to discuss your brief, we'll design your kitchen using Core modules tailored to fit perfectly. Feeling confident to design it yourself? That works too. Core is designed with flexible widths and heights, so you can combine modules to suit almost any space.

All Core modules are made in our signature Overlay style, with over 30 colours and a range of handles to choose from. Each kitchen is custom-built to order in our UK workshop and shipped fully assembled, making installation straightforward for any experienced kitchen fitter.

Core gives you the tools to create a kitchen of Uncommon quality that's designed to your exact specifications.

Get in touch

Start by completing the enquiry form on our website. If our estimate fits your budget, book an appointment to visit our North Greenwich showroom, where you can explore our kitchens. We're open Monday to Friday by appointment. There's no substitute for experiencing the craftsmanship and quality of our cabinetry in person.

Specification

With no hidden high-street carcasses, Core is built on our precision-engineered plywood chassis, with the details and finishes we've become renowned for.

Get inside one of our cabinets and you'll see our meticulous attention to detail throughout, from the robust construction of the drawers to the effortless opening of doors. These are crucial indicators of longevity and quality. Core sets a new standard in kitchen design. Core sets a new standard in modular kitchen design.

- Uncommon quality
- Made to order in custom sizes
- Lifetime warranty. Built to outlast the rest
- Engineered ply throughout ensures unmatched durability, outperforming MDF and chipboard
- Fixings that never fail. Sturdy materials mean reliable fixings, eliminating the risk of hinge failure
- Consistent panel gaps. Robust construction guarantees consistent, flawless alignment across cabinets
- Core cabinets are made from the highest quality FSC-certified European birch plywood. All wooden components are finished in two coats of hard wax oil. We prefer this to lacquer as we believe it's a more environmentally friendly approach
- Our carcasses and shelves are made from 18mm birch plywood and back panels from 12mm birch plywood
- Drawer boxes and drawer divider accessories are made from 12mm birch plywood
- Door and drawer fronts are made from 18mm birch plywood finished with high pressure laminate on both sides. Plain birch plywood and oak-veneered birch plywood fronts are also available
- We only use Blum Blumotion soft close hinges and drawer runners. These come with a lifetime warranty

155mm wide x 23mm projection
Antique brass and bronze finish

Pricing

Core is our new flexible modular cabinet system that offers you an almost-bespoke plywood kitchen at a great price. We created the Core range to deliver Uncommon quality at a lower price point. We've achieved this in two ways. First, we've adopted a more modular approach compared to our Bespoke range. The system is limited to a library of standardised designs, each available at varying widths to allow for a level of customisation, ensuring a great fit. Second, we've streamlined the level of involvement and service we provide, relying on you to handle the survey, project management, and installation. If you feel you're going to need us to provide these services, then you're likely going to be better off looking at our Bespoke furniture options.

A few important points to note when using this guide:

- All prices quoted in this guide are exclusive of VAT. VAT is normally charged at 20%. In some cases, a reduced rate may apply for new build and conversion projects.
- All dimensions are in centimetres.
- When a dimension range (e.g. 60-80cm) is shown on a drawing, it means that dimension is customisable. Just let us know what you need within the range - it doesn't affect the cost.
- Prices are supply only. They do not include site visits, surveys, project management, installation, delivery, appliances, or worktops.
- Prices include doors and drawer fronts in a standard laminate colour. The premium colours are sold at an additional cost.
- All prices are based on our standard recessed handle detail. Customers can also choose one of our other handles, or supply their own.

BU11 - Base unit for sink, 1 x 20cm drawer

BU11

30 - 45cm wide: £798
46 - 60cm wide: £910
61 - 80cm wide: £1090

BU12 - Base unit for downdraft hob, 2 x 20cm drawers

BU12

60cm wide: £1124
61 - 80cm wide: £1314

BUC90 - Base corner unit - type 1

90cm x 90cm corner module: £968 (not including shelves or carousel)

Shelf: £158

Carousel: £400

Notes:

- Choose a carousel or shelf to complete carcass.
- Door can be hinged on left or right (left shown).

BUC120 - Base corner unit - type 2

120cm x 60cm corner module: £1120 (not including shelves)

Shelf: £140 each

Notes:

- This unit can be supplied with shelves.
- This unit can be left or right handed (left shown).

BUCP - Base unit internal corner post

BUCP

4cm x 4cm corner post: £100

Notes:

- A corner post is required to join base units together when there isn't a corner cupboard.

Plan

BUA2 - Base unit for compact oven, 1 x 15cm drawer

BUA2
60cm wide: £720

BUA3 - Base unit for standard oven, 1 x 6cm drawer

BUA3
60cm wide: £720

BUA4 - Base unit for double oven

BUA4
60cm wide: £410

BUA1 - Integrated appliance door

BUA1
45cm wide: £142
60cm wide: £172

Notes:

- Base unit integrated appliances are designed to fit between neighbouring cabinets. They should not be planned at the end of a run.
- The 60cm wide door is suitable for a standard integrated dishwasher or washing machine.
- The 45cm wide door is suitable for a slimline integrated dishwasher.

BUAF - Base unit integrated appliance end of run filler

BUAF
10cm wide: £120

Notes:

- Base unit integrated appliances are designed to fit between base unit cabinets. When they are planned at the end of a run of units, they need this component to support the worktop, enclose the appliance on both sides, and fill the gap between the appliance door and the wall. Front panel is supplied at 10cm wide, but can be reduced and/or scribed to the shape of the wall.

BUF - Base unit end of run filler

BUF
10cm wide: £42

Notes:

- This component is used to fill the gap between base units and an end wall. Front panel is supplied at 10cm wide, but can be reduced and/or scribed to the shape of the wall by installer.

SBU1 - Shallow base unit, no shelves

SBU1

20 - 45cm wide: £424
46 - 60cm wide: £488

61 - 80cm wide: £632

SBU2 - Shallow base unit, two shelves

SBU2

20 - 45cm wide: £498
46 - 60cm wide: £582

61 - 80cm wide: £756

SBU3 - Open bookend shelves

- Prices based on standard laminate or oak, premium matt laminate also available
- IUSP2 is suitable for side panels that go down to floor

KB - Kickboards for base and tall units

KB
Oak: £62
Birch: £52
Standard laminate: £76
Premium matt laminate: £104

Notes:

- Kickboards are only supplied in 242cm lengths
- Clips to attach kickboards to cabinet legs are included

CUTLERY - Cutlery drawer insert

CUTLERY

to suit 9cm drawer depth: £74

Notes:

- CUTLERY can be made at width to suit designated drawer box

Optional drawer divider insert

DIVIDER

to suit 9cm drawer depth: £42

to suit 13cm drawer depth: £64

to suit 20cm drawer depth: £100

Notes:

- DIVIDER dividers come with two movable dividers.
- DIVIDER can be made at width to suit designated drawer box

Bins and bin drawers

35 litre plastic bin: £38

42 litre plastic bin: £40

30cm deep bin drawer
50 - 60cm wide: £270
Suitable for use with BU1.

30cm deep bin drawer
61 - 80cm wide: £312
Suitable for use under a sink,
with BU1 or BU3.

Notes:

- Two bins can fit in each bin drawer.
