

Farm Manager

Do you have a practical attitude and are you a solutions oriented person?
Do you like to work independently and fill in your responsibilities in your own way?
Are you a dynamic individual who can help us take our farm practices to the next level?

Then, we would like to get in touch with you!

Zuqualla Horti PLC is a 37ha farm located near Modjo, in Ethiopia.

The farm is part of Emsflower Group, Europe's largest producer of pot- and bedding plants.

Since 2020 we produce strawberries and ornamental cuttings, for export across the globe.

With a workforce of around 600 people year round, we have been able to make a large positive impact for the society around us, not in the last place due to the extensive CSR program from which the community benefits. Also the farm is MPS A, MPS SQ, Global GAP and GRASP certified. In the nearby future more greenhouses will be developed, both for cutting production and to shift the strawberry production from open field into hydroponics.

Job

- Daily leadership of all operational processes in the strawberry and cutting production
- Responsible to run the technical department in a smooth and efficient manner
- Analyse and improve processes
- Motivated to set common goals that go beyond the daily responsibilities
- Capacity building and bring the team to a higher level

Qualifications

- Minimum 3 years experience in a greenhouse or farm setting.
- Minimum of a bachelor's degree in Agronomy, Horticulture, or a related field.
- Professional/practical knowledge of cultivation and cultivation techniques in greenhouse horticulture
- Proficient computer skills with MS Office; Priva climate computer is a pre

Skills

- Green thumb with a strong interest in plant cultivation and care.
- Strong communication skills
- Able to demonstrate good leadership skills
- Willingness to experiment and implement new methods and techniques

Location

The farm is located between Modjo and Koka. The nearby town of Debrezeit has a large Dutch community and proper schooling options.

The capital Addis Ababa is at 1,5 hours drive from the farm.
