

# Altitude/C

**Position Title:** Technical Project Lead (GTA - Remote/On-site)

Join Altitude/C, a renowned event agency based in Montreal, specializing in organizing large-scale corporate events such as conferences, internal gatherings, awards ceremonies, and galas. With over 25 years of experience, we design smart events that leave a lasting impression.

## **Your Mission:**

As Technical Project Lead, you'll be our first dedicated technical hire in Toronto. In this hybrid role, you'll lead on-site technical execution while supporting producers through planning and coordination.

You're a strong AV technician with live event experience, ready to step up. You'll work closely with our VP of Sales & Production, shadowing and learning at first — and eventually owning entire technical workstreams from planning through strike.

Your work will directly impact the quality and reputation of our events in the GTA and across Canada.

## **Responsibilities:**

### *Pre-Production & Planning*

- *Assist in technical design and planning for corporate events*
- *Create gear lists and technical documentation*
- *Liaise with suppliers, freelancers, and AV partners*
- *Draft show flows, load-in/load-out plans, and tech schedules*
- *Join client calls and help align expectations and timelines*

### *Technical Leadership & On-Site Execution*

- *Act as technical lead during set-up, rehearsals, and tear-down*
- *Supervise on-site AV crews and vendors*
- *Operate sound systems for corporate presentations when needed*
- *Troubleshoot issues calmly and efficiently during showtime*
- *Ensure safe, seamless, and professional event delivery*

# Altitude/C

## *Coordination & Growth*

- *Collaborate with Producers to improve workflows*
- *Take on delegated PM tasks over time*
- *Provide post-event technical feedback*
- *Help shape systems and structure as the team grows*

## **Profil Sought:**

We're looking for someone versatile and ambitious, a technician with leadership potential who is ready to grow into project management.

*You are the ideal candidate if you have:*

- 3 to 5 years of experience in AV and corporate events
- Strong working knowledge of audio systems; video an asset
- On-site leadership experience and problem-solving skills
- A professional and calm presence with clients and crew
- Interest in evolving toward a Project Manager or Technical Director role
- Ability to work independently in a remote setting
- Based in the Greater Toronto Area with availability to travel across Canada
- A valid driver's license is a strong asset

## **Conditions:**

- Schedule: Full-time, Monday to Friday, with flexible hours based on event delivery
- Location: Based in the GTA, with remote work and on-site event presence
- Work model: Hybrid and flexible

## **The Perks of Working at Altitude/C:**

- Growth-focused environment with real leadership opportunities
- Equipment provided, with work-life balance as a priority
- People-first agency culture with a creative mindset
- Remote flexibility and national project exposure
- Direct impact on a growing Toronto operation

Joining Altitude/C means shaping the future of our Toronto production team and contributing to experiences that matter.
