

Highschool Internship

"CODE. CREATE. CONNECT."

Join our team as an intern and become part of a supportive, innovative community where your ideas matter. We seek passionate individuals ready to tackle real-world challenges alongside experienced professionals. Gain hands-on experience, build valuable connections, and develop skills to shape your future career.

WHO CAN APPLY

High school and undergraduate students passionate about technology, engineering, and problem-solving are welcome to apply. Specific eligibility criteria may vary by internship track.

WHY JOIN

- **Hands-On Experience:** Work on real-world projects in AI, machine learning, IoT, blockchain, and cloud infrastructure.
- **Collaboration with Experts:** Gain insights from experienced professionals and researchers.
- **Skill Development:** Improve technical and soft skills through practical applications.
- **Networking Opportunities:** Connect with peers, mentors, and industry partners for future career support.
- **Research Participation:** Contribute to ongoing projects and explore publication opportunities.
- **Exposure to Industry Practices:** Familiarize yourself with professional workflows for a smooth transition to the workforce.
- **Personal Growth:** Discover your career direction through immersive experiences and mentorship.
- **No Program Fees:** Participate without any associated costs, ensuring accessibility for eligible students.
