American Voters Believe Energy Incentives Boost American Energy Dominance and National Security

By Connor Sandagata

June 2025

Rainey
Center

Online sample of 2529 respondents fielded over web panels from June 3-5, 2025 and weighted to education, age, gender, race, and 2024 election results. The margin of error is +/- 2.7.

How important is it that our energy grid to power data centers is generated exclusively with domestically produced energy?

Congress has created tax incentives for investing in or producing clean energy in the United States. These incentives are called “tech-neutral” tax incentives and include geothermal, solar, nuclear, natural gas and carbon capture. Do you support or oppose tax incentives for investing in and producing clean energy in the United States?
