

Equipment List

3-7 DAYS

Ascent - camping

Throughout the summer season, a full range of conditions and temperatures can be expected in the New Zealand Mountains. Due to the remote nature of the terrain, clients need to be suitably prepared. Your guide will do a comprehensive gear check at your pre-trip meeting. These are usually fly-in, fly-out trips based at alpine huts. You will need to carry your personal gear and will be asked to assist in carrying some food and group equipment from the heli-landing site to the hut. All equipment needs to fit into one pack per client.

PERSONAL EQUIPMENT REQUIRED

*Available for loan as part of trip cost
