## How we help you find a New Housemate for Your Home

At SDA Living Australia, we want you to always feel comfortable and included in what happens in your home. When your housemate moves out, we'll let you know straight away and begin working with you to look for your next housemate.

Prior to advertising the vacancy, we will meet with you, we will meet with you to find out what you are looking for in a housemate and will then go through a careful matching process to help you find someone who is the best fit for your home.

### Finding the Right Match

When we meet with you, we will ask about:

- Personality and how they should communicate with you
- Shared interests, routines, or hobbies
- Age, gender, or support needs

We consider these factors to help create a happy, supportive home environment. Once we find a potential match, we'll talk to you about it and:

- Once we find a suitable match, we'll:
- Keep you updated throughout the process
  - Arrange introductions and catch-ups and make sure everything is right for the housemate to move in

We notify you promptly when someone moves out.

We advertise the vacancy and carefully match the ideal housemate.

You meet potential housemates to ensure a good fit for you.

Once they move in, we provide ongoing support for a happy home.
