

# WhaZoodle!®

SPEAKER SIDEKICK

## A Screen-Free Way to Help Kids Learn, Play & Relax Independently

WhaZoodle gives children access to safe, enriching audio that supports learning, creativity, and emotional well-being—*all without Wi-Fi, downloads, apps, or extra pieces.*

### Kids can choose their own audio journey to:

- Engage their curiosity through rich listening exploration
- Build early literacy and critical-thinking skills
- Enjoy joyful, screen-free, self-guided learning

With no ads and no data collection, your privacy is always protected.

## Three Modes

Designed for Independent Exploration

### Explore | Spark Curiosity

Themed stories, podcasts, music, and fun facts nurture learning, imagination, and essential skills.

### Recess | Move & Play

Upbeat activities, jokes, and playful prompts help kids stay active and burn energy in positive ways.

### Relax | Calm & Unwind

Guided visualizations, soothing soundscapes, and bedtime stories support focus, calm, and emotional regulation.
