SUBJECT: Hydraulic Roll Tarp Kit

HYDRAULIC ROLL TARP

Bredal Australia has a Hydraulic Roll Tarp Kit that fits all current Bredal Trailing Spreaders. The kit can be retrofitted onto the existing manual roll tarps.

The Kit comprises of a pivot arm assembly and hydraulic motor that will open and close the tarp hydraulically controlled from the operator's seat.

The cost of the kit is \$8,000 + GST (RRP) (Order through Wholegoods only).

Refer to the video clip on the Bredal dealer portal. This kit is now available for sale.

Any questions, please don't hesitate to contact your Bredal Territory Manager.
