## Product and Services Spotlight

### AI Studio Services

Let CSZNet create compelling videos that will engage your audiences, improve information sharing and tailor your messaging with our AI Studio Services. Save time with initial production and updates, using customizable and personalized avatars with text-to-voice technology and multilingual support.

Exemplar is a versatile system powered by AI to simplify an organization's licensing and certification workflows. Developed by CSZNet for the DC Office of State Superintendent of Education (OSSE), and available on the cloud, Exemplar is customizable, creating simple but highly effective user experiences for applicants and approvers.

CSZNet is an implementation partner for ACCELO, the most powerful AI-powered test automation tool with Natural English coding, self-healing capabilities and no framework overhead.
