

C170

For 1/2" to 2" Steel Pipe
48lbs / Height 22.5" / Width 8"

MODEL FEATURES

- Bottom swing out bar allows for easy installation on the pipe
- Features locking mechanism that secures bar in place quickly
- Safety lock-down bolts to secure bars once squeeze is complete
- Bar profile includes built-in stops to prevent accidental pipe cutting

C170

The C170 Hydraulic Squeeze-Off Tool is designed to effectively squeeze steel pipe from 1/2" to 2" and delivers 39 tons of squeezing force.

Compact and lightweight, it features a bottom swing-out bar that allows for easy installation on the pipe. The bottom bar also includes a locking mechanism that secures everything in place quickly. Also includes built-in stops to prevent accidental pipe cutting.

The single-stage hydraulic hand pump provides 10,000 PSI in a lightweight and compact design.

The 2-ply hydraulic hose included is reinforced with two braids of high tensile steel wire with oil and weather-resistant coating.
