

C177

For 1-1/4" to 4" PE Pipe
42 lbs / Height 19.5" / Width 10.5"

MODEL FEATURES

- Designed to squeeze 1-1/4 " to 4 " MDPE & HDPE pipe safely and effectively
- Built from aircraft-grade aluminum, making it strong, lightweight, and easy to handle
- Self-contained lock-down bolts for added safety
- Swing-out bottom bar design locks easily onto pipe while reducing overall trench profile

C177

The C177 features 6-sided, positive locking, indexable gauge plates, aircraft grade aluminum squeeze bars, and an easy access hydraulic connector for when the tool is in the pit.

The unique lock-in / swing-out bottom bar design allows for quick and easy access to the pipe, even in confined spaces, and the lock down bolts ensure that a squeeze is maintained even if the hydraulics are disconnected.

The C177 also includes a standard grounding spike, and custom gauge plates are available upon request.
