

C156

For 1" to 4" PE Pipe

27 lbs / Height 19.5" / Width 10.5"

MODEL FEATURES

- Trusted by operators globally for daily squeeze off operations
- Lightweight design with aircraft-grade aluminum for easy handling and strength
- Features 6-sided indexable gauge plates for secure and precise operation
- Operates with a detachable torque bar or standard ratchet on the feed screw hex

C156

The C156 features a 6-sided, positive locking indexable gauge plates, aircraft- grade aluminum squeeze bars, chrome-plated steel side shafts and a coated feed screw, reducing corrosion and friction.

This tool can be operated with the detachable torque bar or with a ratchet on the integral hex at the top of the feed screw. The unique swing-out / lock-in bottom bar design allows for quick and easy access to the pipe even in confined spaces, and the detachable stabilizing bar provides added stability during the squeeze process.

The C156 comes with our standard five (5) foot grounding spike to ensure safety during the squeeze process. Custom gauge plates are available upon request.
