

C200

For 1/2" to 2" PE Pipe

27 lbs / Reach 5ft. / Width 9.25"

MODEL FEATURES

- Designed for safe, effective remote squeeze-off from above ground
- Built from aircraft-grade aluminum, making it strong, lightweight, and easy to handle
- Radiused jaw bars with center springs ensure proper pipe alignment
- Balanced carrying handle and standard gauge plate settings for most common pipe diameters and SDRs

C200

This tool is designed for low-friction and operator-friendly squeeze. Constructed almost entirely of aircraft grade aluminum alloys, allowing for a lightweight, strong and versatile tool. The jaws flat bars with radiused edges include center springs to ensure the pipe is properly aligned every use.

The C200 incorporates a collapsible fixed handle and a detachable rotating handle for ease of storage. The tool features a rotating gauge plate, 5/8" hex drive for use in confined spaces, and a convenient carrying handle located at the balance point.

The C200 also includes a grounding spike, and 6-sided indexable standard gauge plate for the most common pipe sizes and SDRs. Custom gauge plates are available upon request.

SIZE (DIAMETER)	SDR	SIZE (DIAMETER)	SDR
1/2" CTS	7 (0.090 Wall)	1-1/4" IPS	10
3/4" IPS	11	1-1/2" IPS	11
1" IPS	11	2" IPS	11
