C50

The lightweight and easy to use C50 Manual Squeeze Off Tool is designed to squeeze 1/2" to 1-1/4" PE pipe.

The C50 features a swing-out / lock-in bottom bar design, with over squeeze protection provided by 4-sided, positive locking, indexable gauge plates.

Aircraft grade aluminum squeeze bars, plated steel side shafts and a heat treated feed screw combine durability and function for years of trouble-free use.

The C50 also includes our standard five (5) foot grounding spike to ensure safety during the squeeze process.
