- Features a positive clamp style, with fixed gap squeeze settings
- Includes a static electricity grounding spike to ensure safety during the squeeze process.

C132

The C132 Squeeze Off Tool is designed to squeeze 1/2" to 3/4" PE pipe.

The C132 features a positive clamp style, with fixed gap squeeze settings to ensure that the gas line is completely closed off without damage.

It's lightweight with a compact size and has many uses, making the tool a great addition for service line work.

The C132 also includes a static electricity grounding spike to ensure safety during the squeeze process.
