

PE PIPE PULLERS

CTS ½" - 1" (Polyethylene)

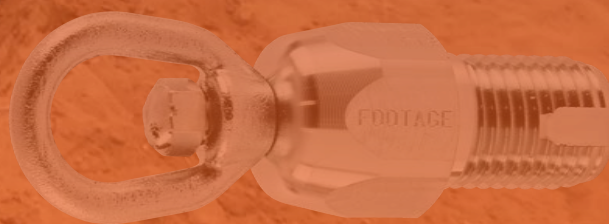

IPS ¾" - 2" (Polyethylene)

MODEL FEATURES

- Screws directly into MDPE/HDPE pipe for fast, secure connection
- Double start buttress threads for quicker insertion
- Heavy-duty swivel allows free pipe and rod rotation
- CNC-machined from solid stress-proof material for strength and durability

PE PIPE PULLERS

Footage Tools' pipe pullers have been engineered with versatility to pull MDPE / HDPE pipe and tubing in use with directional drilling, pneumatic piercing tools, rod pushers, or other similar equipment.

Manufactured from solid stress proof material on precision CNC equipment, all pipe pullers feature sharp tapered buttress type threads making insertion of the puller quick and simple.

Each puller features a heavy duty swivel, which enables the pipe or bore rods to rotate freely during the pulling operation. These PE pipe pullers are suitable for most common SDR ratings.

CTS

SIZE	PART NUMBER
1/2" CTS	P020
1" CTS	P040

IPS

SIZE	PART NUMBER
3/4" IPS	P035
1" IPS	P045
1-1/4" IPS	P055
2" IPS	P085
