TD200

The TD200 is remote hydraulic squeeze off tool designed to squeeze steel pipe from 3/4" to 2".

The tool has an easy, lower-in ditch design to remove the need for operators directly in the trench and its side squeeze design allows for easy tool placement on the pipe.

Featuring a 14' telescopic extension handle, the TD200 offers the ability to fine tune the length of the tool to the desired height.

For added safety, the TD200 comes with a shut-off fitting included.
