

BAUHAUS EARTH

Guided Tour of the Research Workshop

You would like to get to know our Research Workshop and our work? We offer guided visits for architectural practices, universities, schools, developers, building professionals, and anyone involved and interested in the built environment. Our tours provide a comprehensive introduction to our work at the intersection of research, demonstration, material experimentation, and knowledge sharing.

The tour includes a walkthrough of our 325 m² Research Workshop, located at the Atelier Gardens Campus in Berlin, and offers insights into our workshop space and our ongoing research into regenerative and circular building systems.

Duration: approx. 1 to 1.5 hours

Group Size: max. 15 people per group

Contribution: €300 per group

Reduced fees may be available for nonprofit groups by arrangement.

Booking: To book a tour, please contact us via e-mail (contact@bauhauserde.org) stating your preferred date and the number of participants.

We look forward to hearing from you!
