#### FEATURES AND BENEFITS

- The **automatic basket lift** (2 lifts) with electronic timers allows a perfect and regular cooking result, each portion is a success!
- This model is sold with two rectangular baskets. Only these baskets are compatible with the basket lift.
- GN 1/1 tank (310 x 510 x H300-310mm) for 25 to 40 liters, resistant to salted water, stamped in one piece.
- 100% stainless steel construction, strong and sustainable.
- Easy cleaning and optimum hygiene thanks to the rounded corners and the pivoting heating element.
- Sold without baskets for the standard models (without lift). For baskets choice, refer to the "Accessories" section.
- Adjustable thermostat from 40°C to 105°C.
- Water drain tap under the device.
- Security thermostat with reset button.
- Turbo option for higher performance.
- Large choice of accessories under the "Accessories" section.
- Swiss Made: manufactured in our factory in Romanel-sur-Morges.
- IPX4 index / CB and DNV-GL certified / 2-year warranty / 20-year spare parts.
