

Disc-O-Bed™ Announces Kid-O-Bunk™ Bunkable Sleeping Solution for Kids

*Kid-friendly bunkable sleep solution provides no-tool, easy-assemble cot systems
for any home, vacation or travel situation*

Disc-O-Bed™, the leader in providing bunkable strength in a ready-to-go sleep system for the demands of disaster relief, troop deployment and outdoor enthusiasts, announces Kid-O-Bunk™, a versatile and mobile sleep solution for children ages seven to twelve years old. Featuring a patented lock-in disc system, Kid-O-Bunk by Disc-O-Bed combines functionality and comfort to transform into individual cots, stackable bunk beds or a bench. Kid-O-Bunk is now available for purchase at www.kidobunk.com

“Kid-O-Bunk is perfect for stress-free sleepovers, family vacations when you don’t have enough sleeping arrangements, camping trips, overnight stays at the grandparents, you name it,” said Douglas Owen, co-owner of Kid-O-Bunk. “We’re a family business with success working with military and disaster relief organizations for over 25 years, and creating Kid-O-Bunk is an exciting and natural next step for us as a brand.”

This no-tool assembly, patented lock-in disc system can be configured as a bunk, a sitting bench or two single cots, and does not require a mattress. With no mid beam, the hygienic, machine-washable polyester sleeping deck conforms to the child’s body shape for contoured comfort, and is tough to prevent ripping or tearing. The steel frame adjusts to uneven ground with a weight tolerance of 200 pounds per single cot.

Kid-O-Bunk is available in either teal or lime green. Each package includes two individual cots for a variety of setups and packs down into its own zippered, carrying bag for easy storage and transportation. Convenient add-on accessories, such as footpads and matching side organizers, are also available for quick and neat storage of personal belongings within arm’s reach.

The Kid-O-Bunk by Disc-O-Bed is now available at www.kidobunk.com for MSRP \$289.99, in addition to most major retailers. To purchase or learn more about Kid-O-Bunk and its exclusive online offer, visit www.kidobunk.com. To learn more about Disc-O-Bed, visit www.discobed.com.

###

About Disc-O-Bed™’s Kid-O-Bunk™:

Disc-O-Bed™ is recognized across the globe for its unique ability to design and deliver bunkable strength in a ready-to-go sleep system. A family-owned business since 1988, Disc-O-Bed is committed to challenging conventional cot wisdom. After success of its patented disc system and relationships with emergency relief and troop deployment organizations worldwide, Disc-O-Bed brings consumers Kid-O-Bunk™ as its comprehensive sleep solution for kids age seven to twelve.

Today, Disc-O-Bed's reputation for quality, strength, and comfort extends to sleep solutions and modular seating for children, especially where sleep space is at a premium. To purchase or learn more about Kid-O-Bunk, visit www.kidobunk.com.
