2025 Freightliner 114SD with ProAll Commander P85 Volumetric Mixer

Stock # P4623 | Texas

2025 Freightliner 114SD with a ProAll Commander P85 volumetric concrete mixer, 10 yd³ (7.6 m³) capacity, 455 HP Cummins X12 diesel and Allison 4500RDS transmission. Equipped with a 12-inch × 96-inch mixing auger, three admixture tanks, wireless remote, electronic ticket printer and Roll and Pour.

Chassis specifications

Chassis year	2025
Make	Freightliner
Model	114SD
Engine	Cummins X12, 11.9 L, 6-cylinder diesel
Horsepower	455 HP
Transmission	Allison 4500RDS
Axle configuration	6x4
GVWR	66,000 lb
Vehicle class	Class 8
Brake system	Air
Mileage	31,994 miles
Mounting	Chassis-mounted on a ProAll-supplied chassis
Fenders	Standard aluminum fenders for drive axles

Mixer specifications

Manufacturer	ProAll
Model	Commander P85
Capacity	10 yd³ / 7.6 m³
Mixer hours	224.6

Configuration	Chassis-mounted volumetric mixer
Rear extension/platform	26 in, with ladder
Roll and Pour	Included

Electrical & hydraulic systems

Electrical system	12V
Hydraulic pump	Standard high-efficiency hydraulic pump, right-hand configuration

Water system

Water tank	3 ft
Water lines	Standard 1 in

Aggregate system

Feature	Mesh tarp
Feature	Electric aggregate vibrators
Feature	Automated chain oiler
Feature	Gate height verification sensors
Feature	Belt material sensors

Cement system

Cement bin capacity	113 cu ft
Feature	Electric cement bin vibrators

Mixing auger

Mixing auger	Upgraded 12 in × 96 in, P-model 12-inch auger
Feature	Auto-lube system
Transition chute	30 in

Admixture system

Package	Option 5
Tank 1	40 L (10 gal)
Tank 2	80 L (20 gal)
Tank 3	130 L (34 gal)

Auxiliary material feeders

Feature	Powder color feeder
Feature	Standard fiber feeder

Remote & ticket printer

Feature	Wireless remote control
Feature	Electronic ticket printer
