

Krav Maga Australia Fees Information for Returning students

What Will Happen with My Fees When I or my Child Returns to Training?

When we first went into lockdown on the 23rd March, no one imagined that the lockdown would last 7.5 months (minus a 2-week reprieve at the end of June). This has obviously had a financial impact on all of us, including Krav Maga Australia. However, we have managed to survive this period and now need to get the business back to a position of financial stability to ensure that we can continue to provide you with a high level of service and training. We wish to express our deepest gratitude to all students that were in a position to continue paying 50% membership fees during the lockdown periods. This has been a significant factor in Krav Maga Australia making it through the lockdown period. (Sadly this cannot be said for many martial arts schools in Victoria)

Based on the fact that we came out of the initial lockdown for 2 weeks, in which time a number of new students signed up, and then went back into lockdown we now have the following 4 categories that all students should fall into regarding your fee payment.

- 1. Students That Paid 50% Membership Fees from the Start of the 1st Lockdown Period**
 - These members will continue paying 50% until 15 January 2021, at which time their fees will revert back to the normal membership fees
- 2. Students That Suspended Their Memberships at the Start of the 1st Lockdown Period**
 - These members will revert back to the normal membership fees upon reactivation of their account.
- 3. New Students That Joined in the 2 Week Period Between Lockdowns**
 - These members will revert back to normal fees upon their return to training.
- 4. New Students That Signed up for Our Online Membership During Lockdown**
 - These members that join us for face to face classes will convert their memberships to our basic kids, teens or adult membership as appropriate when they start attending classes.

If you have any questions or wish to discuss anything regarding your fees please email info@kravmagaoz.com.au and we will get back to you as soon as possible.
