

NAUTIVENT
PORTUGAL

THE SEA IS OUR ULTIMATE CANVAS FOR MEMORIES.

TAILOR-MADE FOR YOU.

NAUTIVENT was born from a deep passion for the ocean and a desire to share the hidden beauty of the portuguese coastline in its most intimate form.

No crowds, no fixed routes, and no compromise. Just you, the ocean, and a curated experience that feels entirely yours.

The idea came to us as my father and I realized there was a gap in the way our waters are being shared. To us, mass tourism and heavily crowded boat trips felt like a missed opportunity to truly appreciate the amazing coastline we have.

We set out to change that, creating a mission that is centered on custom, tailor-made experiences, for small, private groups. Giving them the chance to experience the magic of our coastline in the most intimate and exclusive way.

Much like the experiences we provide, the decision to launch this project was an adventure of my own. Such adventure wouldn't have a fraction of the thrill and excitement without the love and support of family and friends I have.

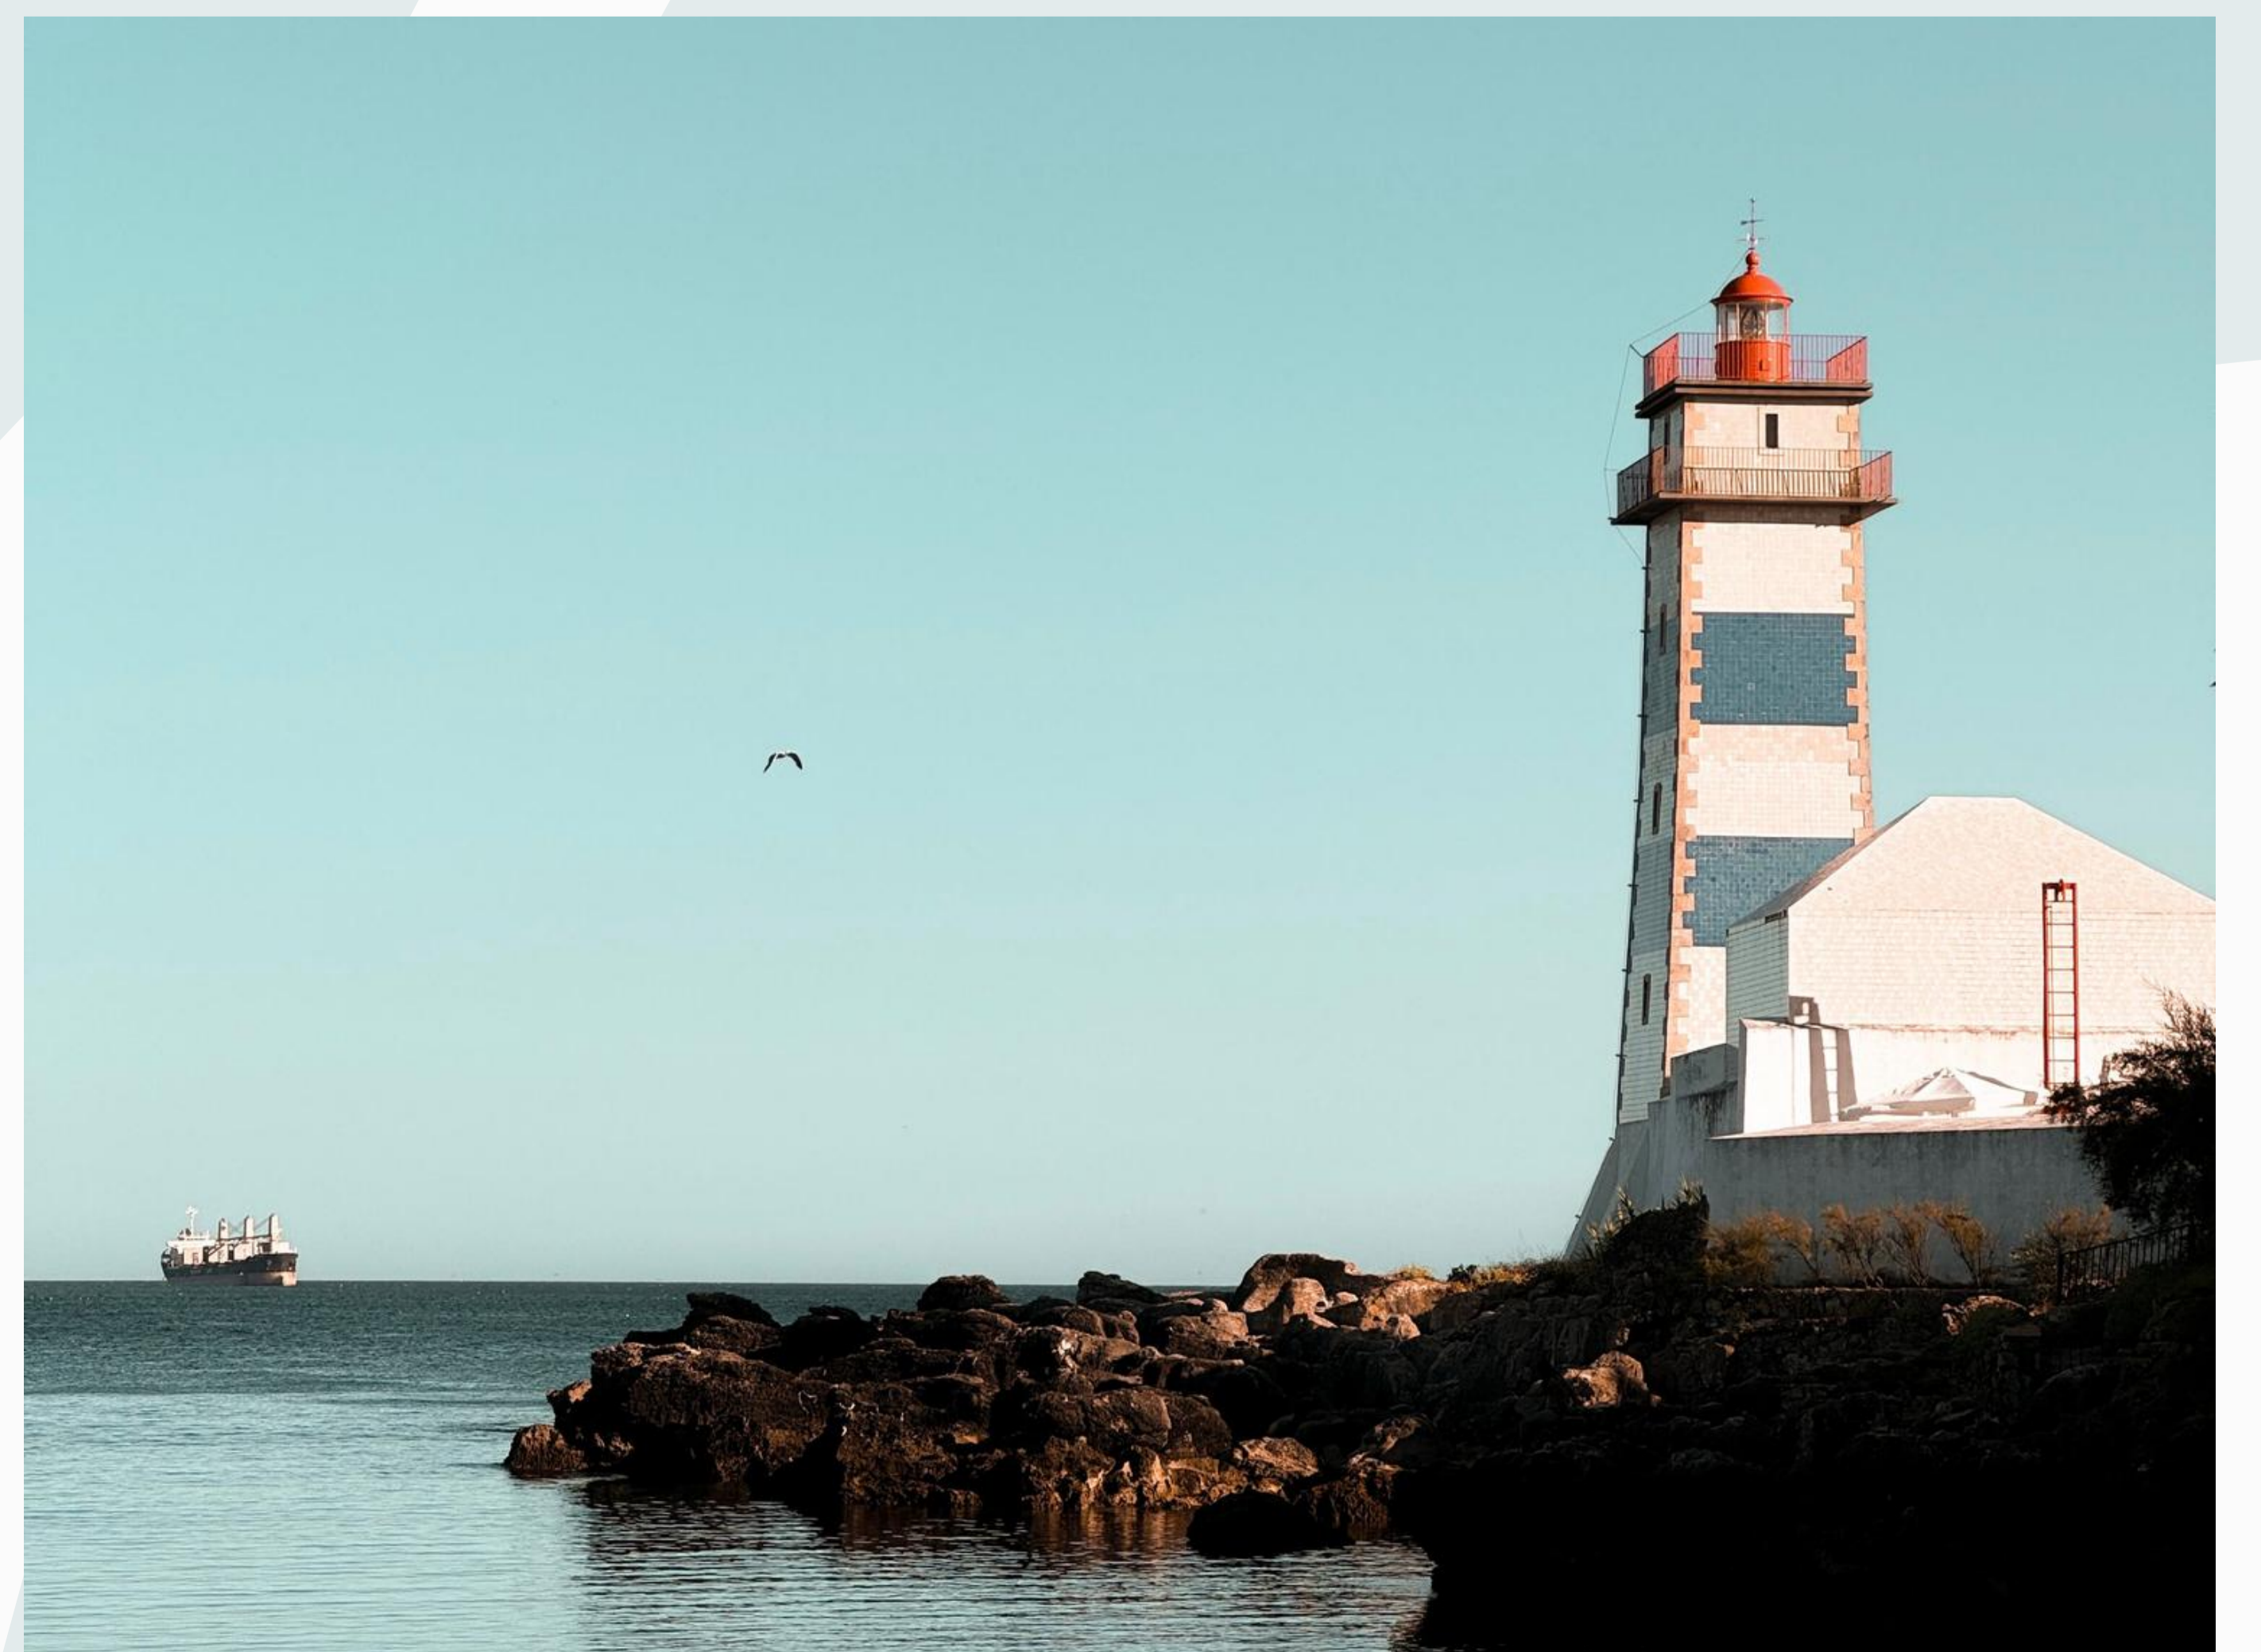

A huge thank you to every client, friend and family member who has played a part on this journey.

April 4th 2026

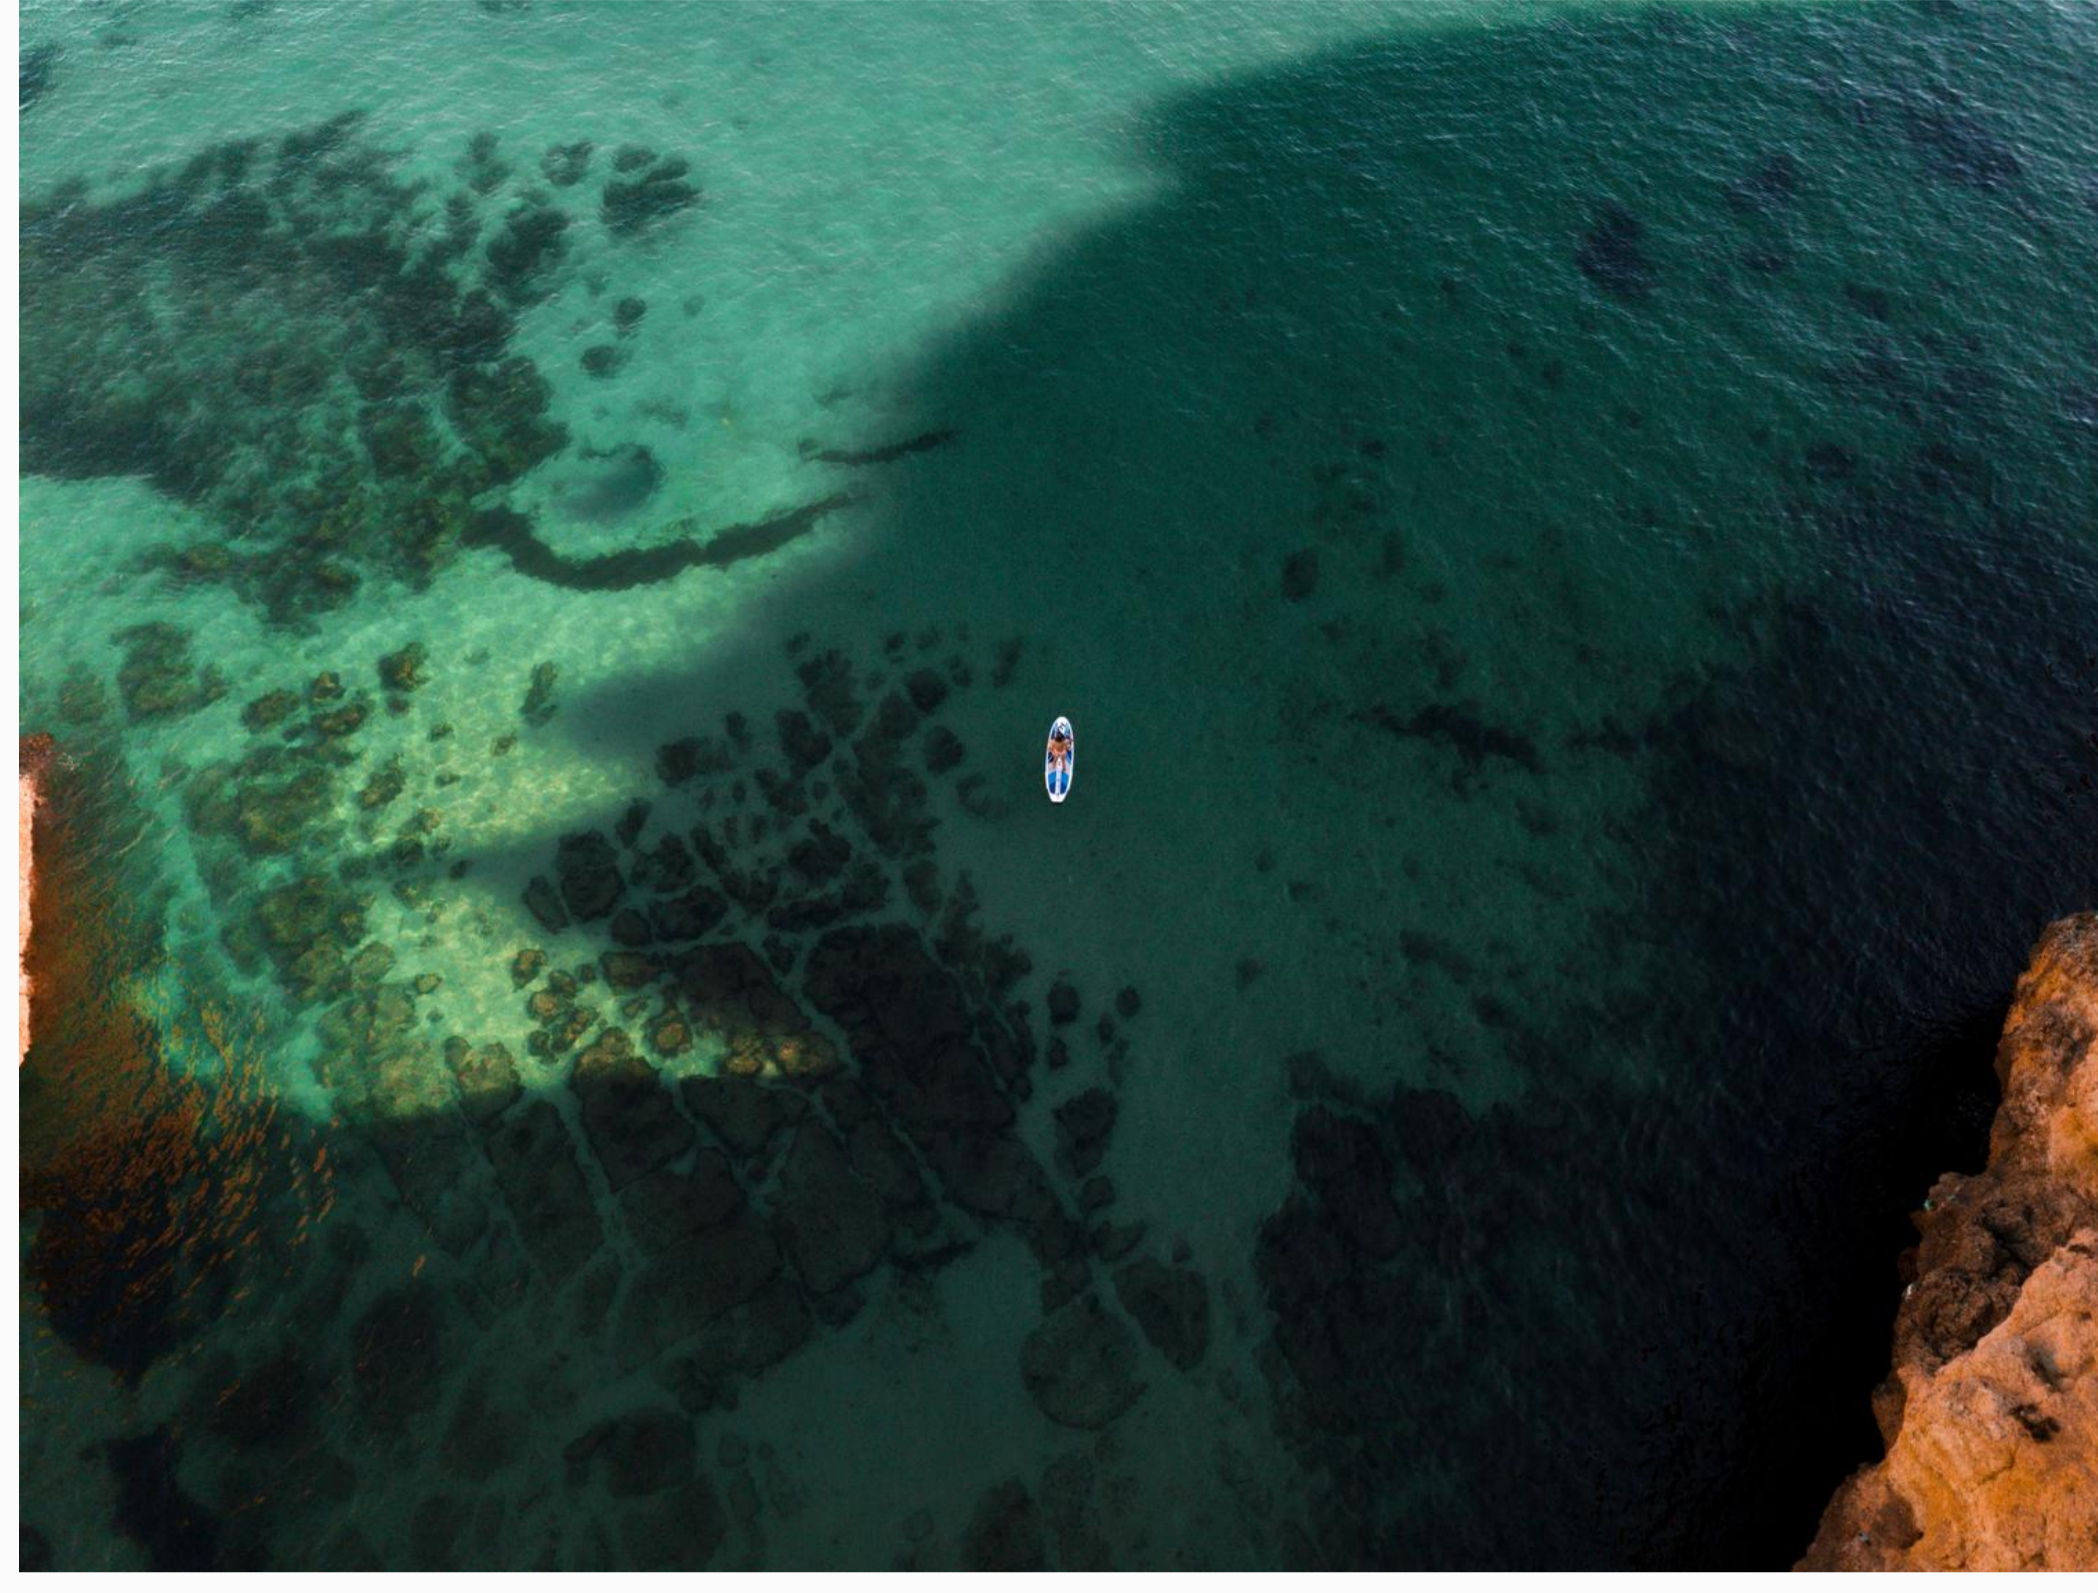

Cascais is our home and where we craft most of our memories. A destination where coastal heritage meets modern luxury and a perfect starting point for any journey.

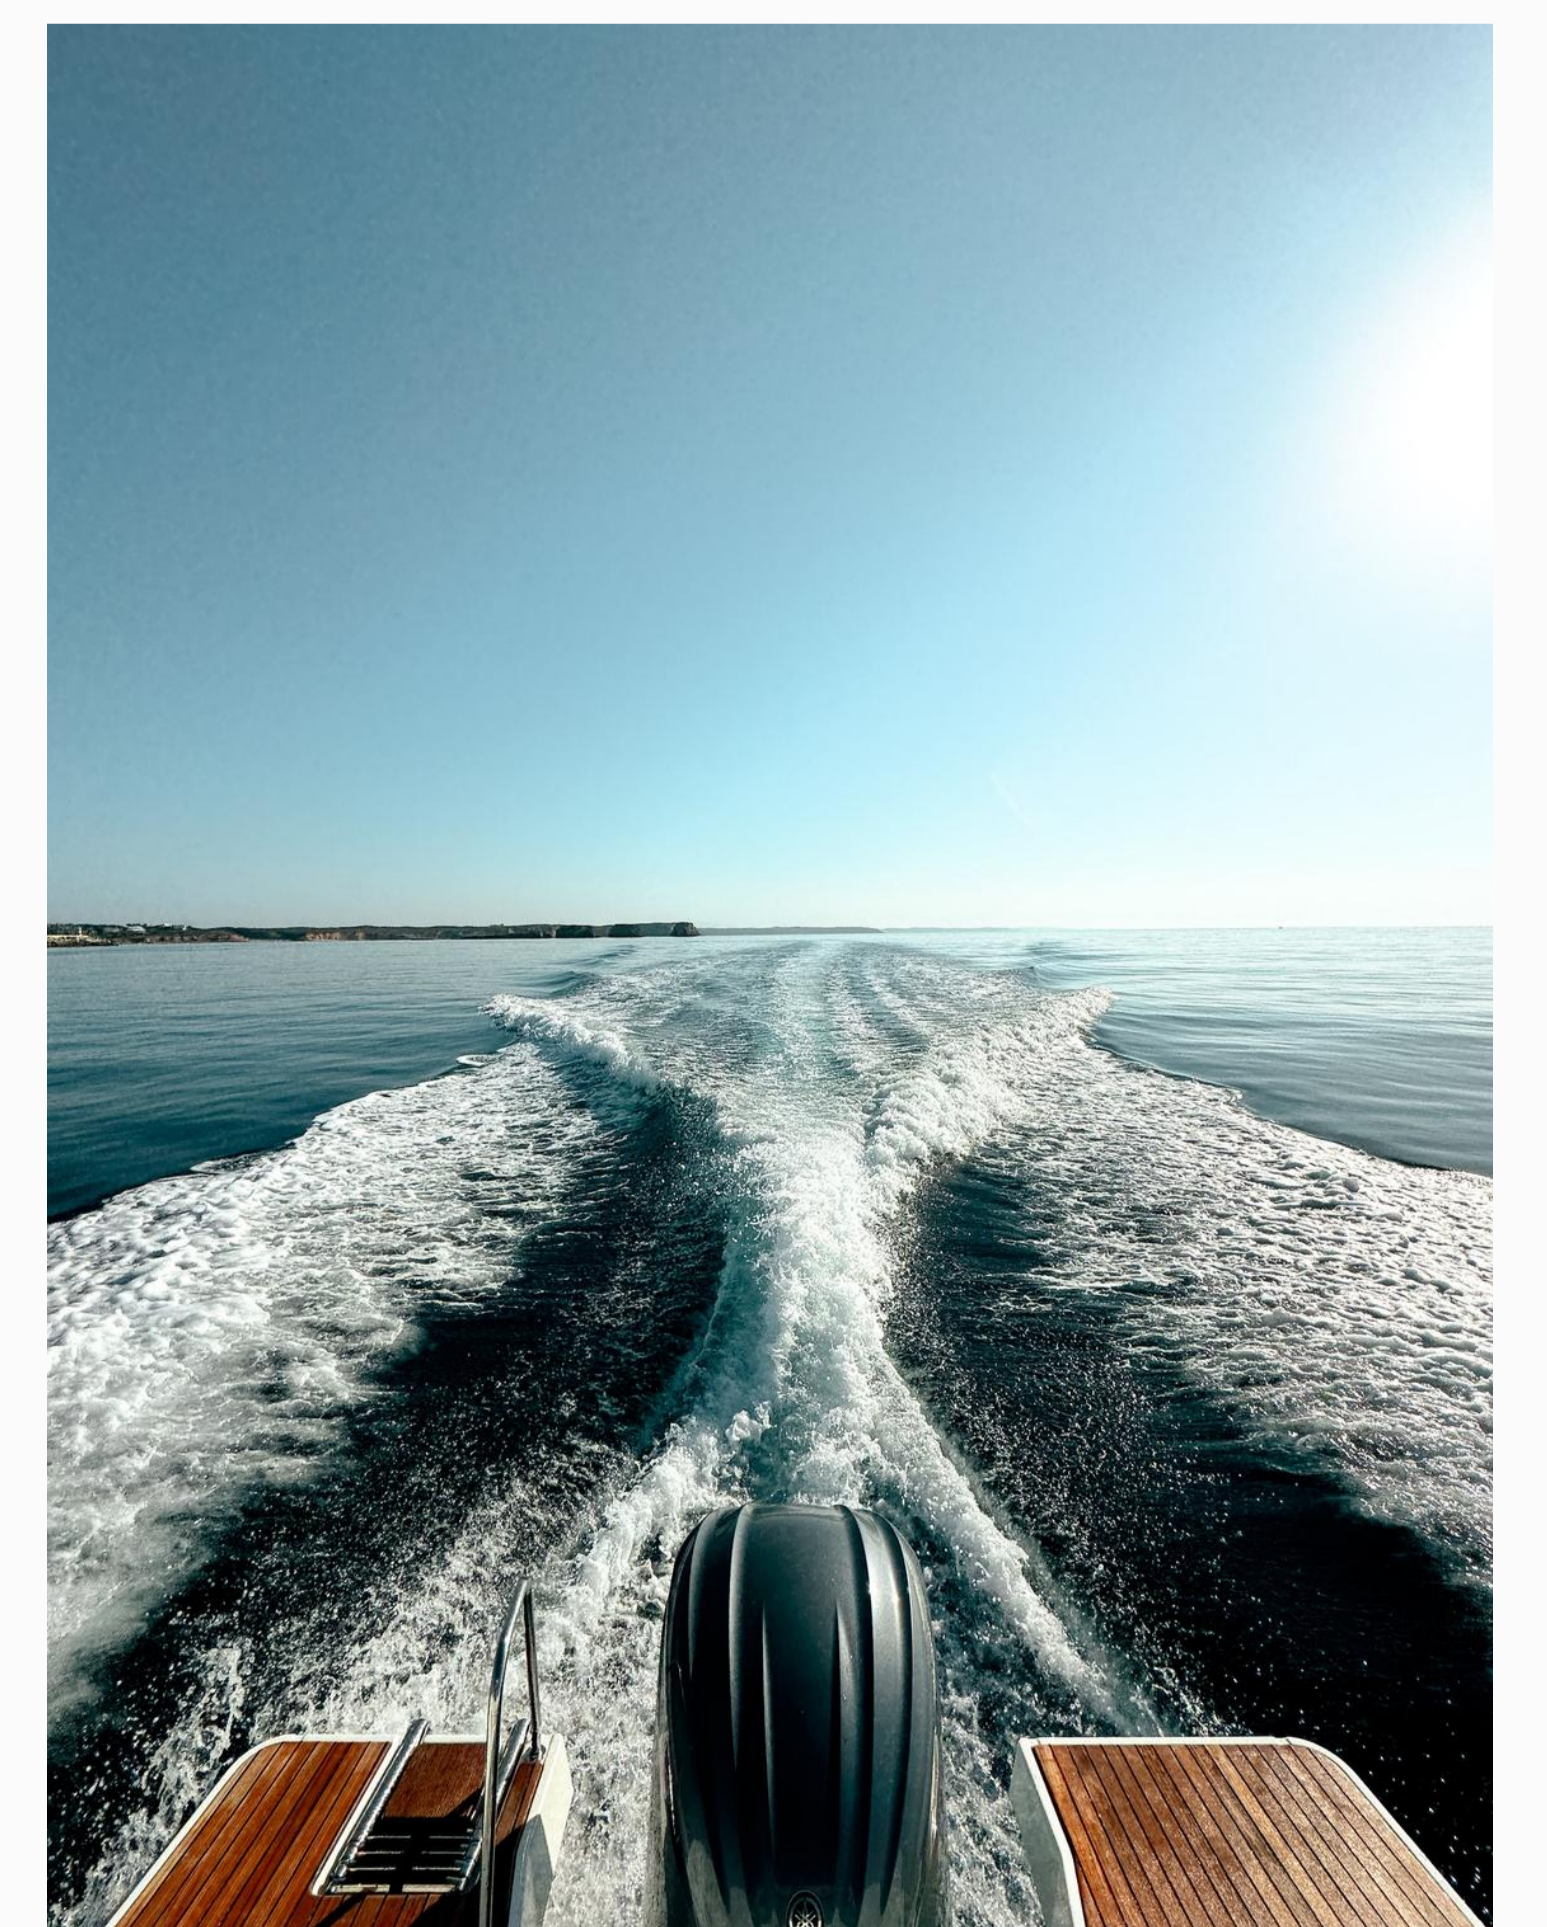

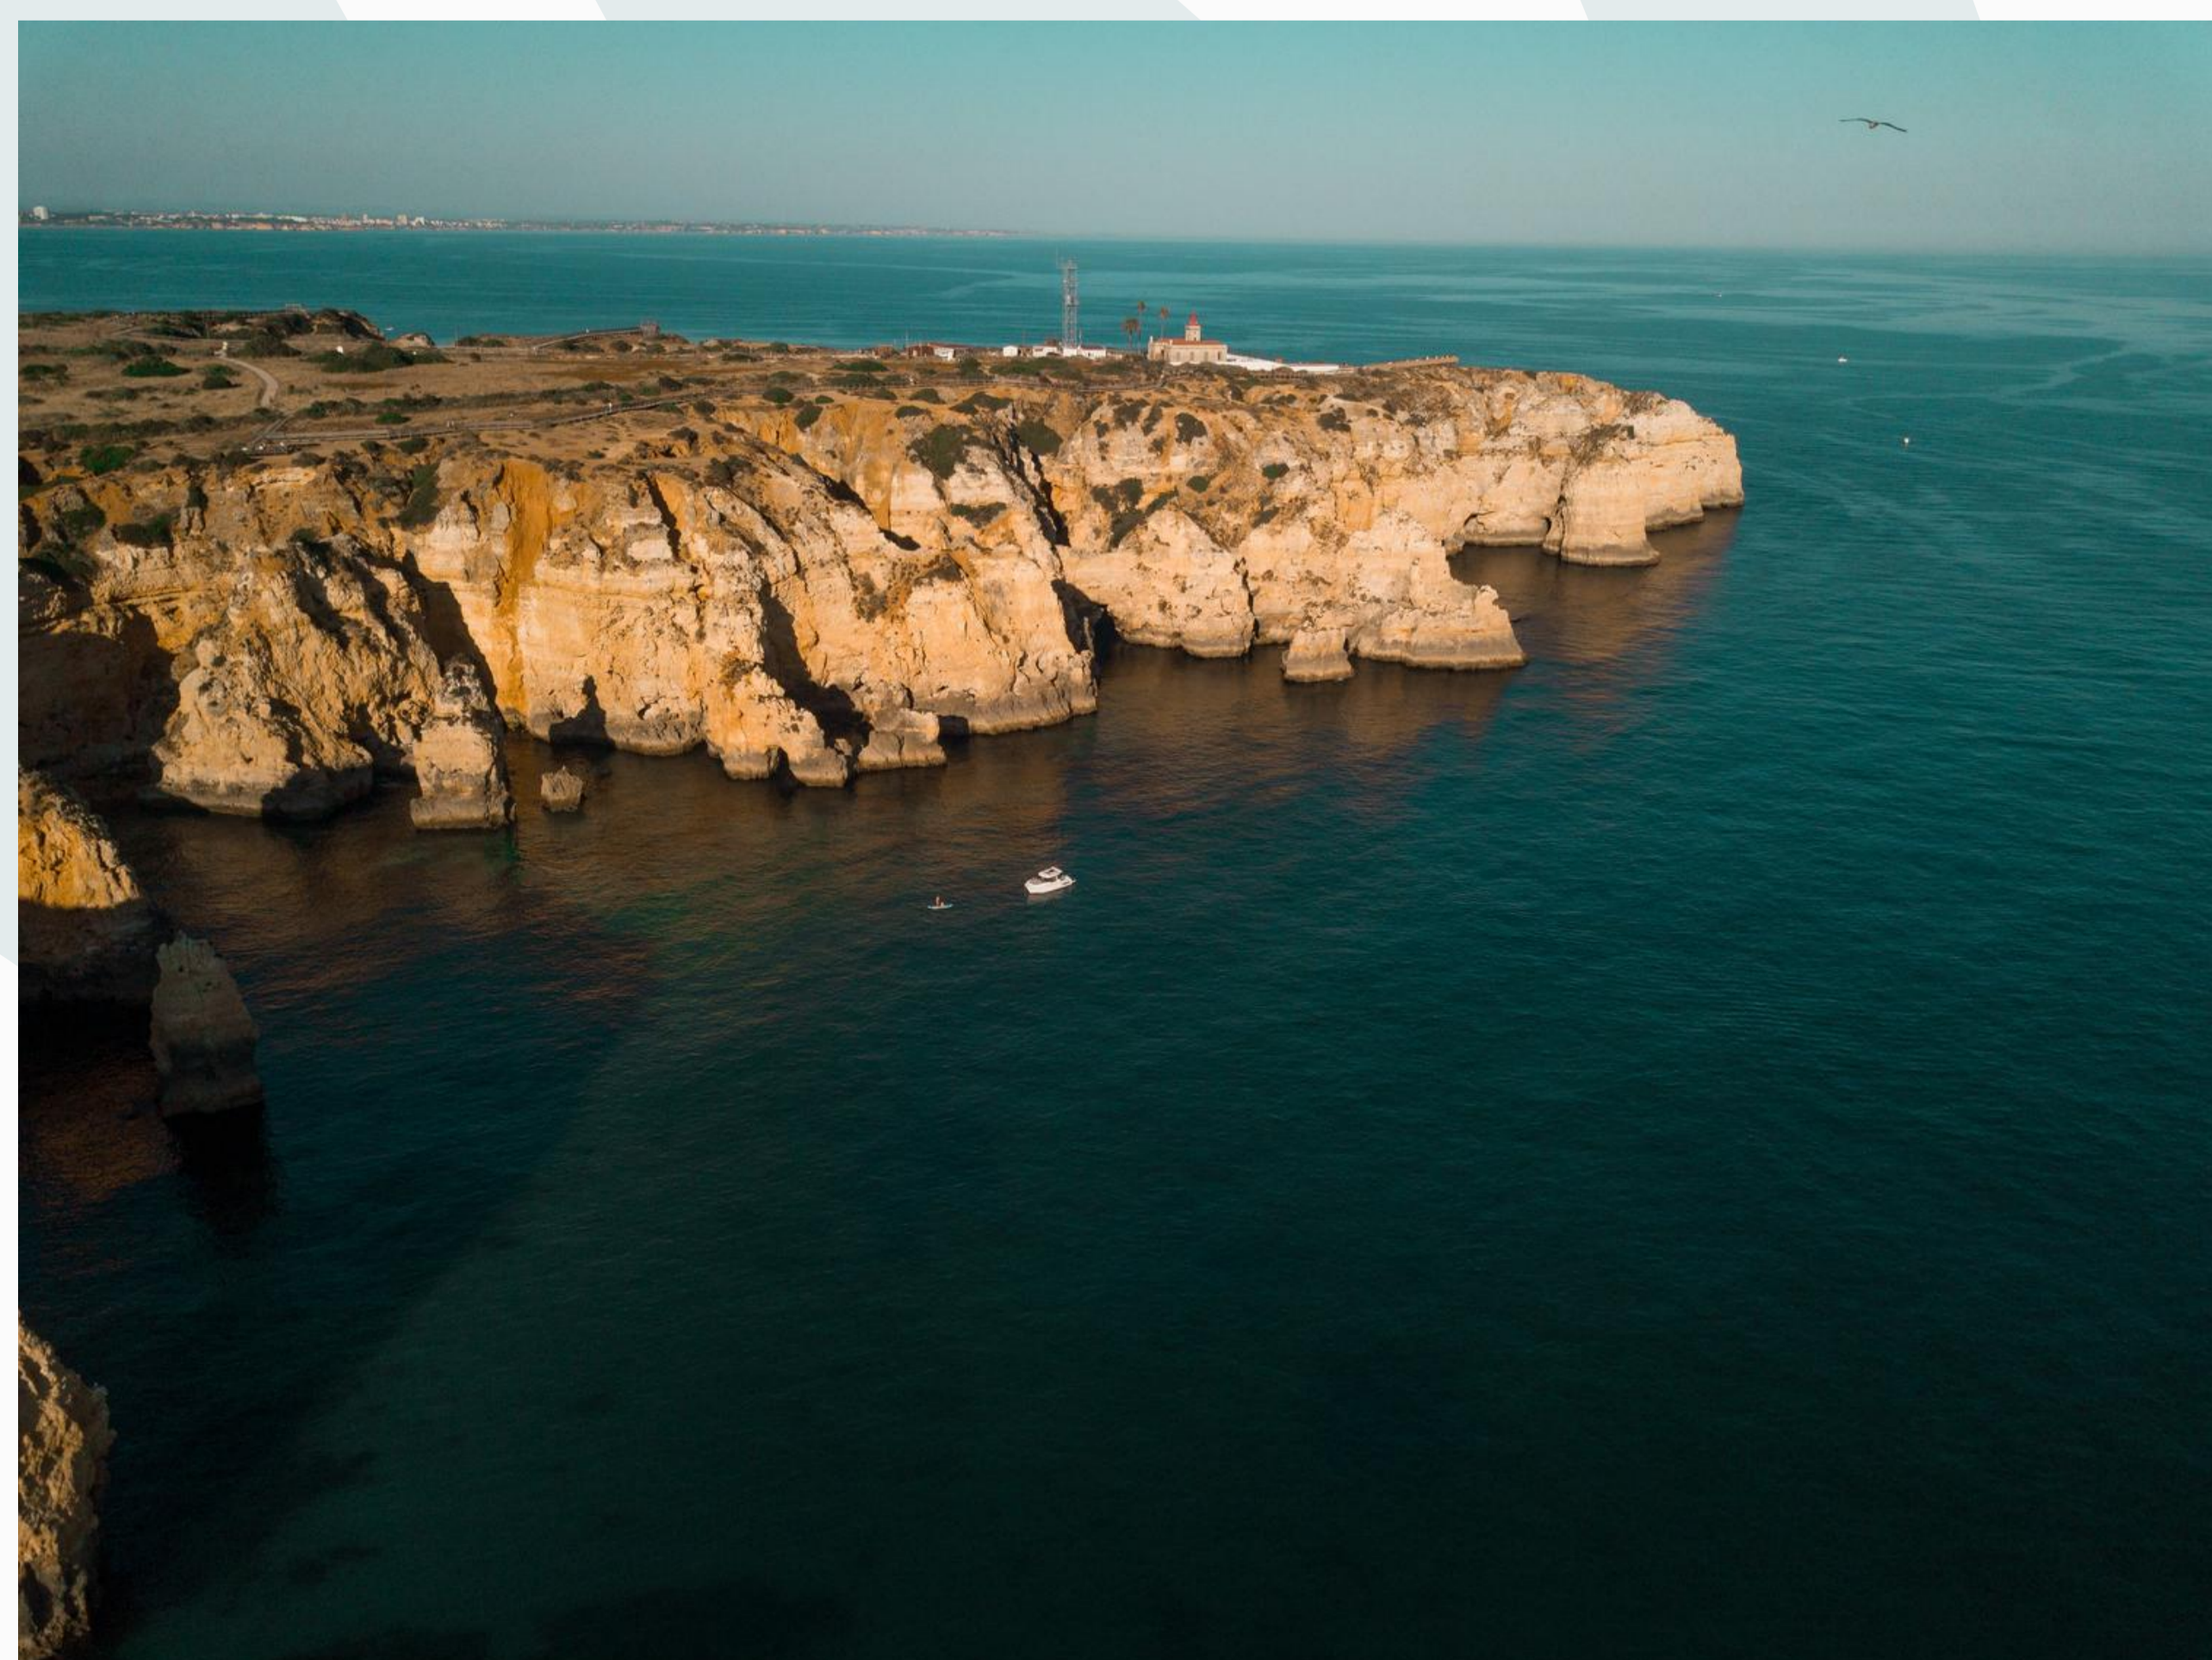

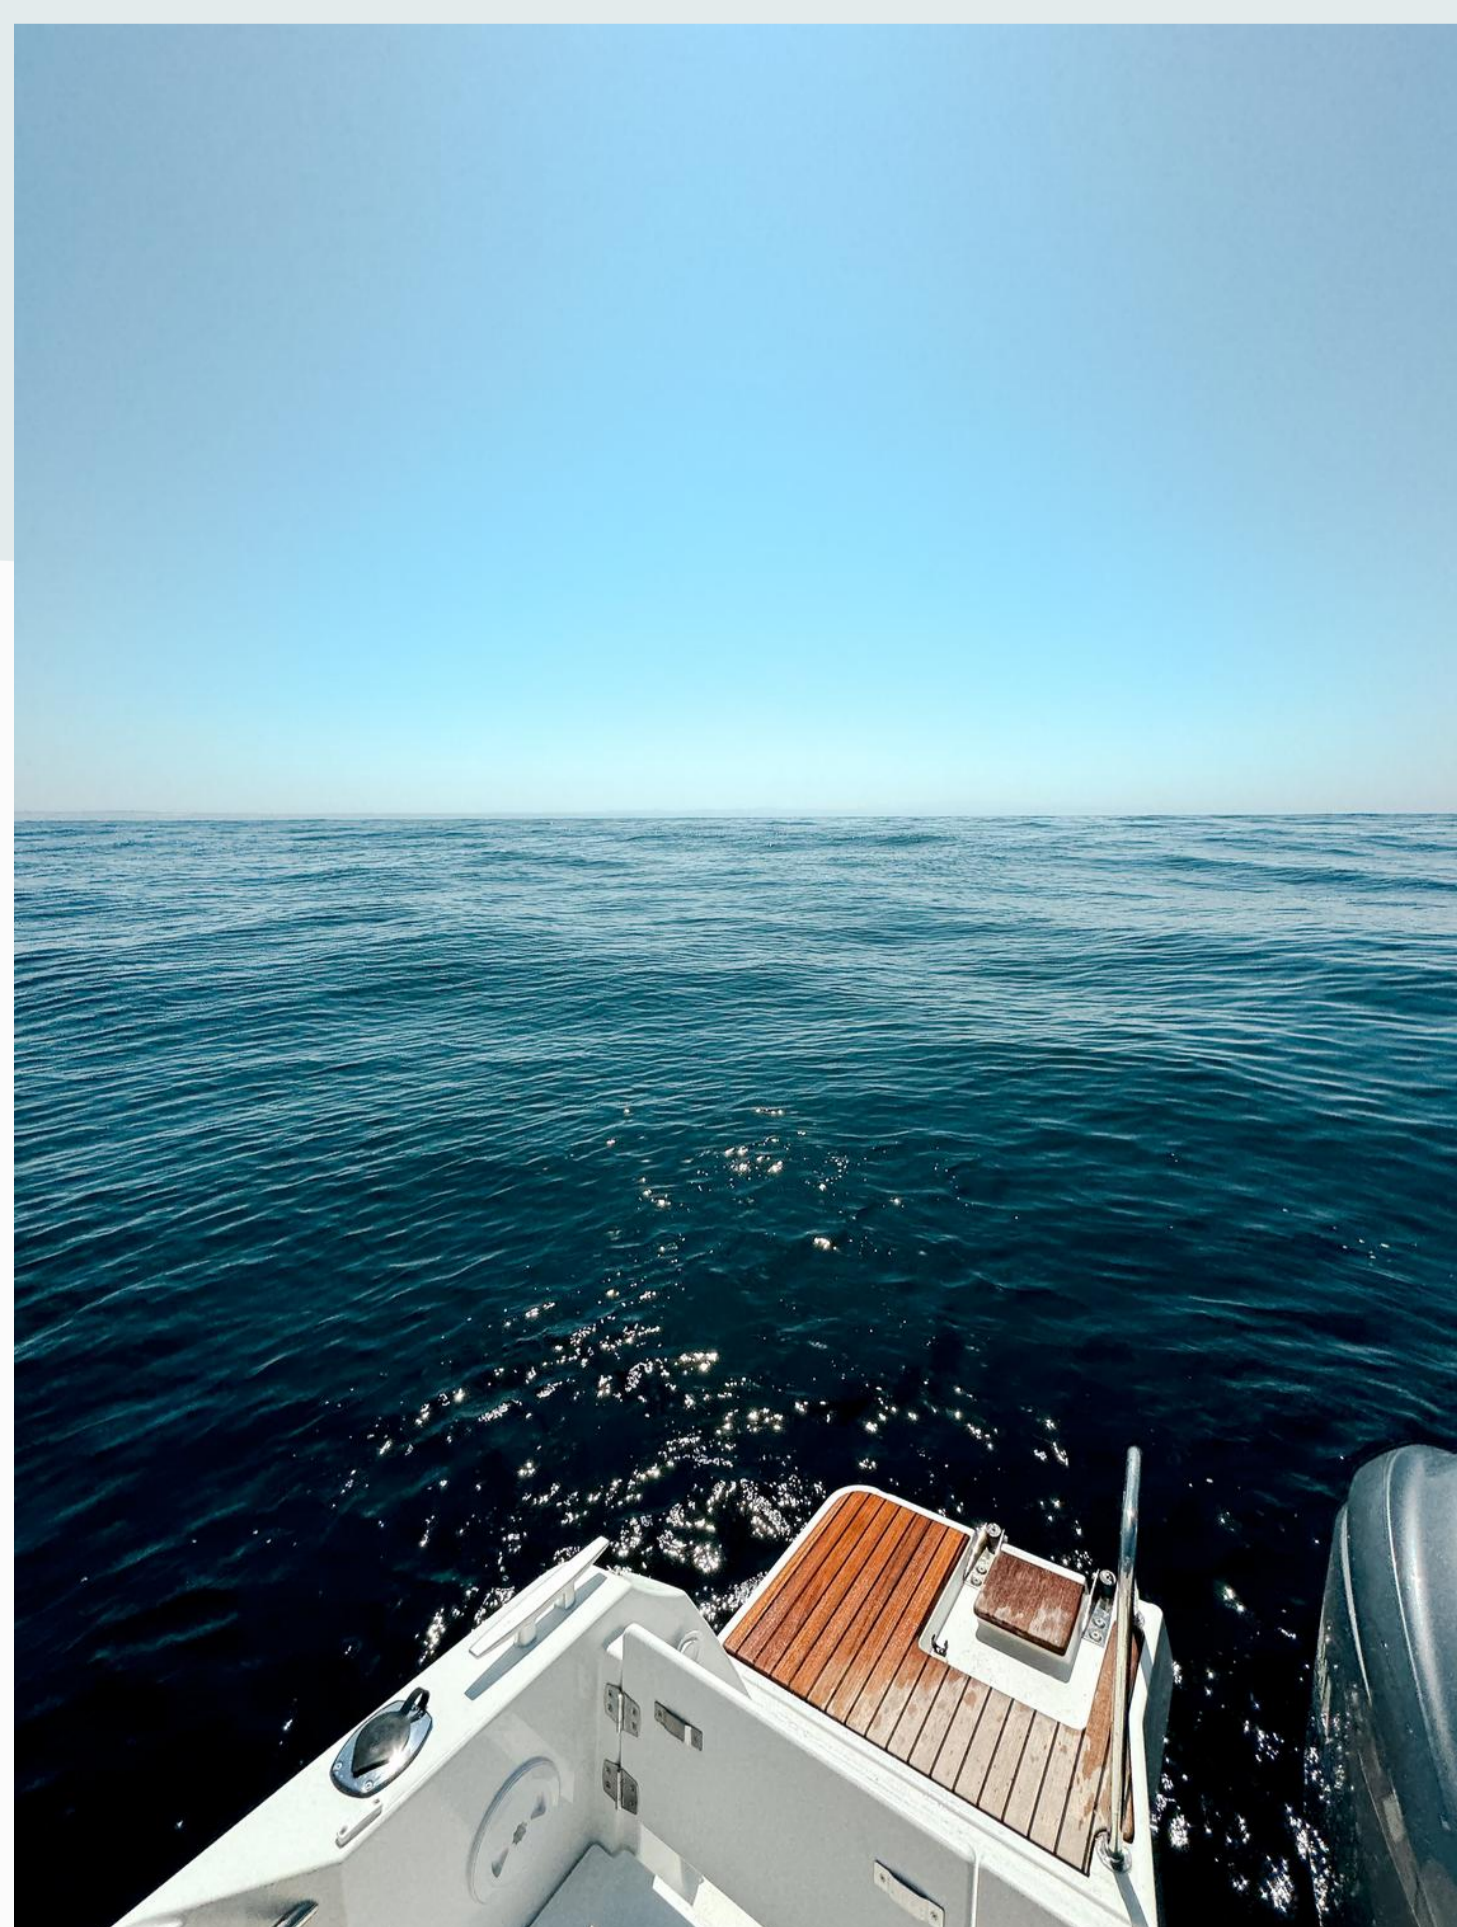

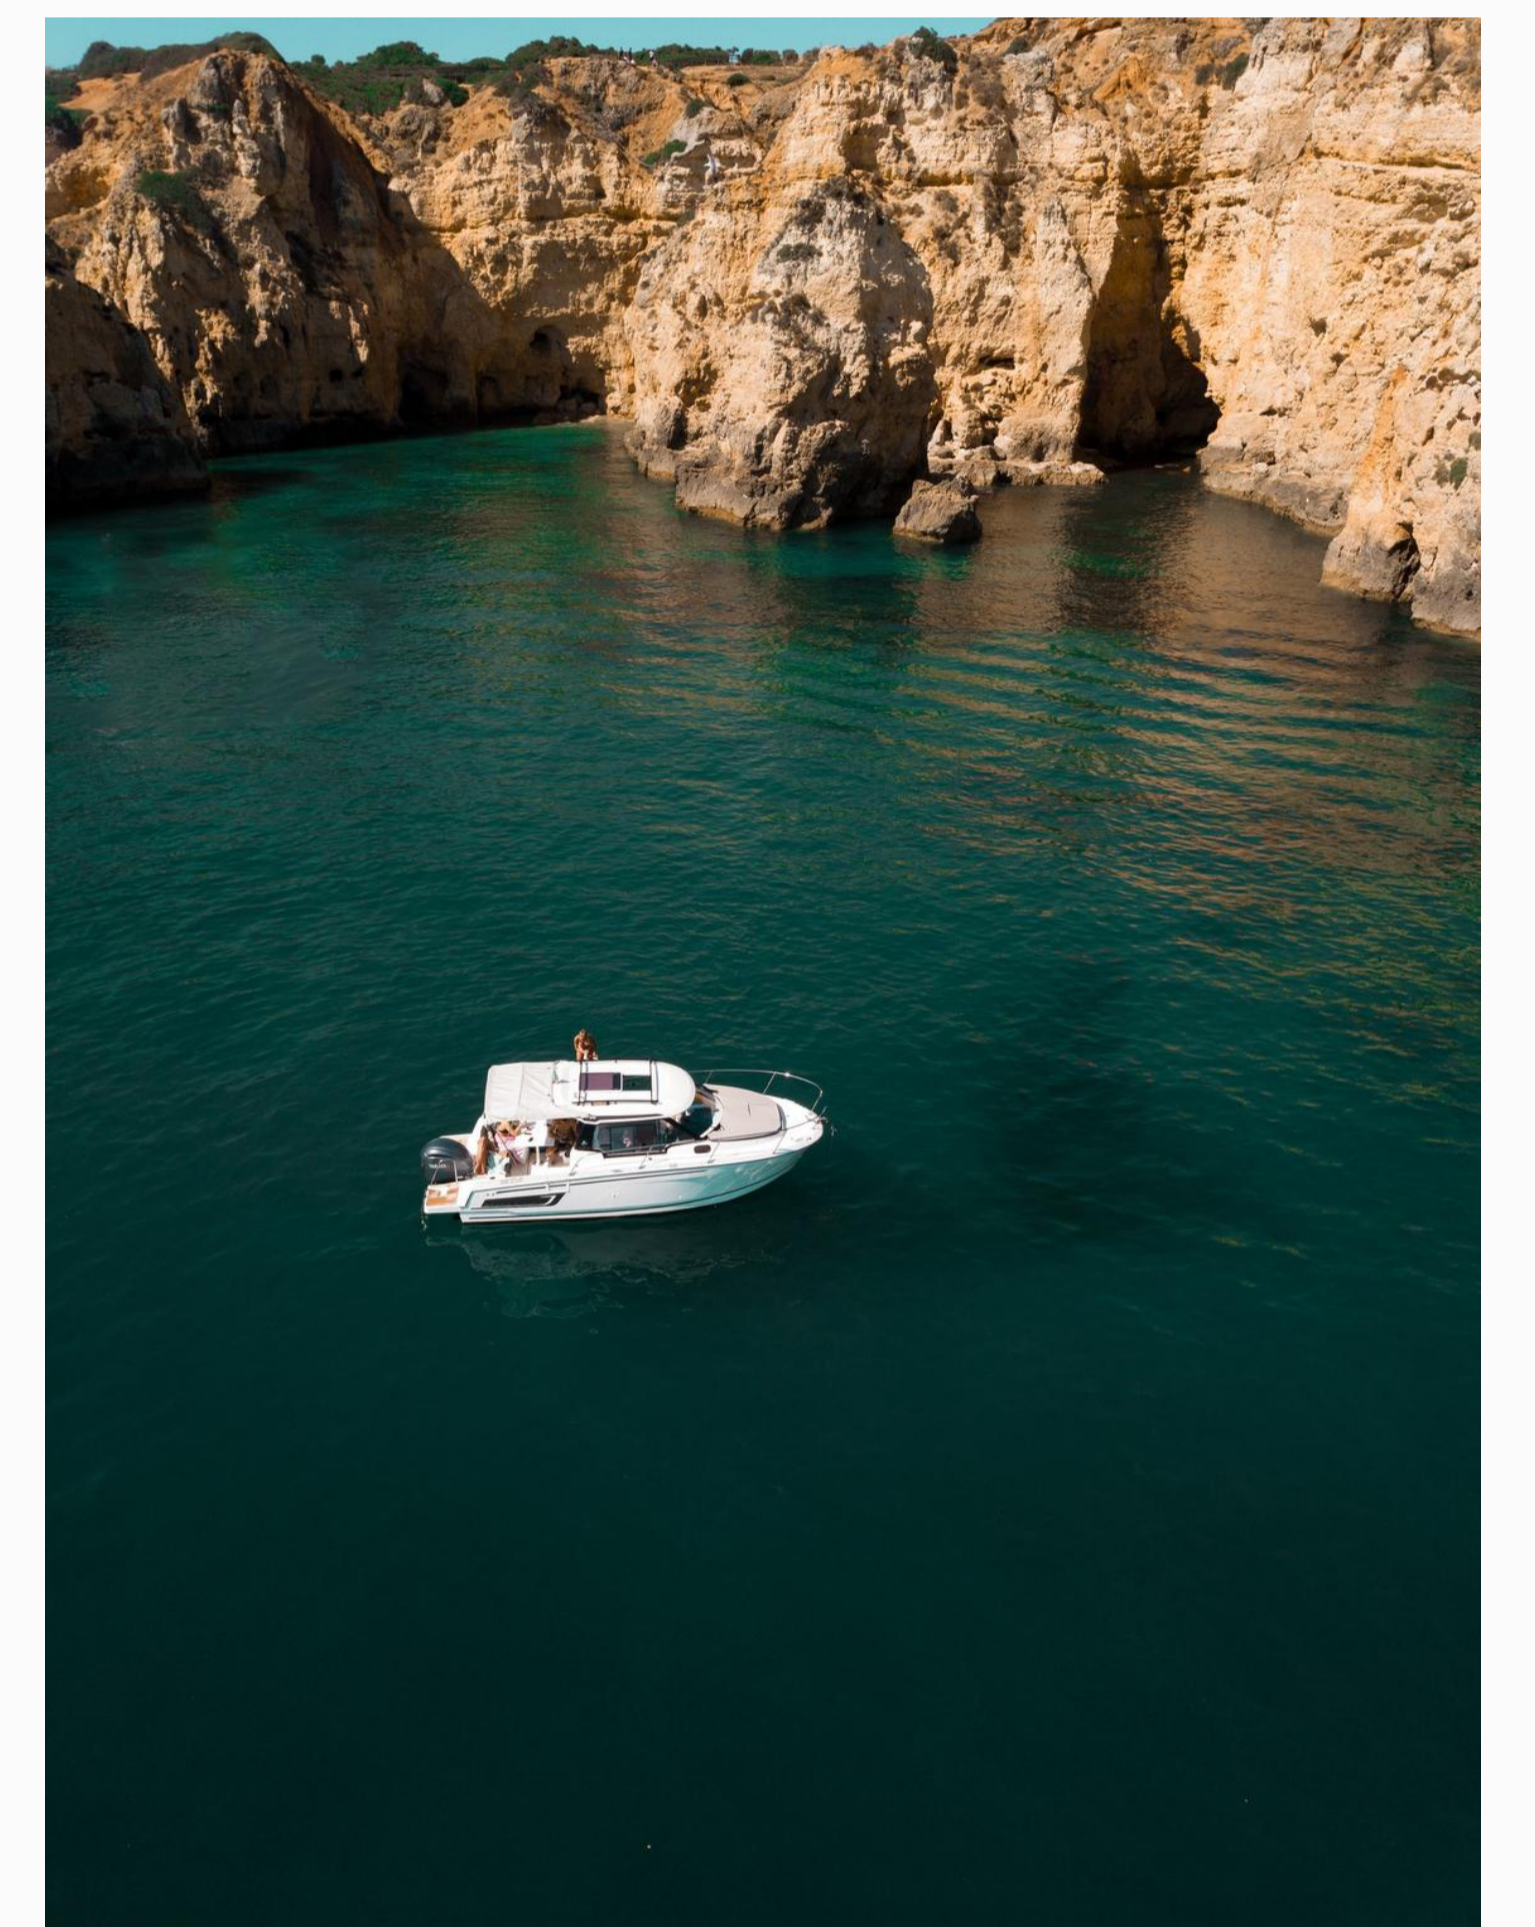

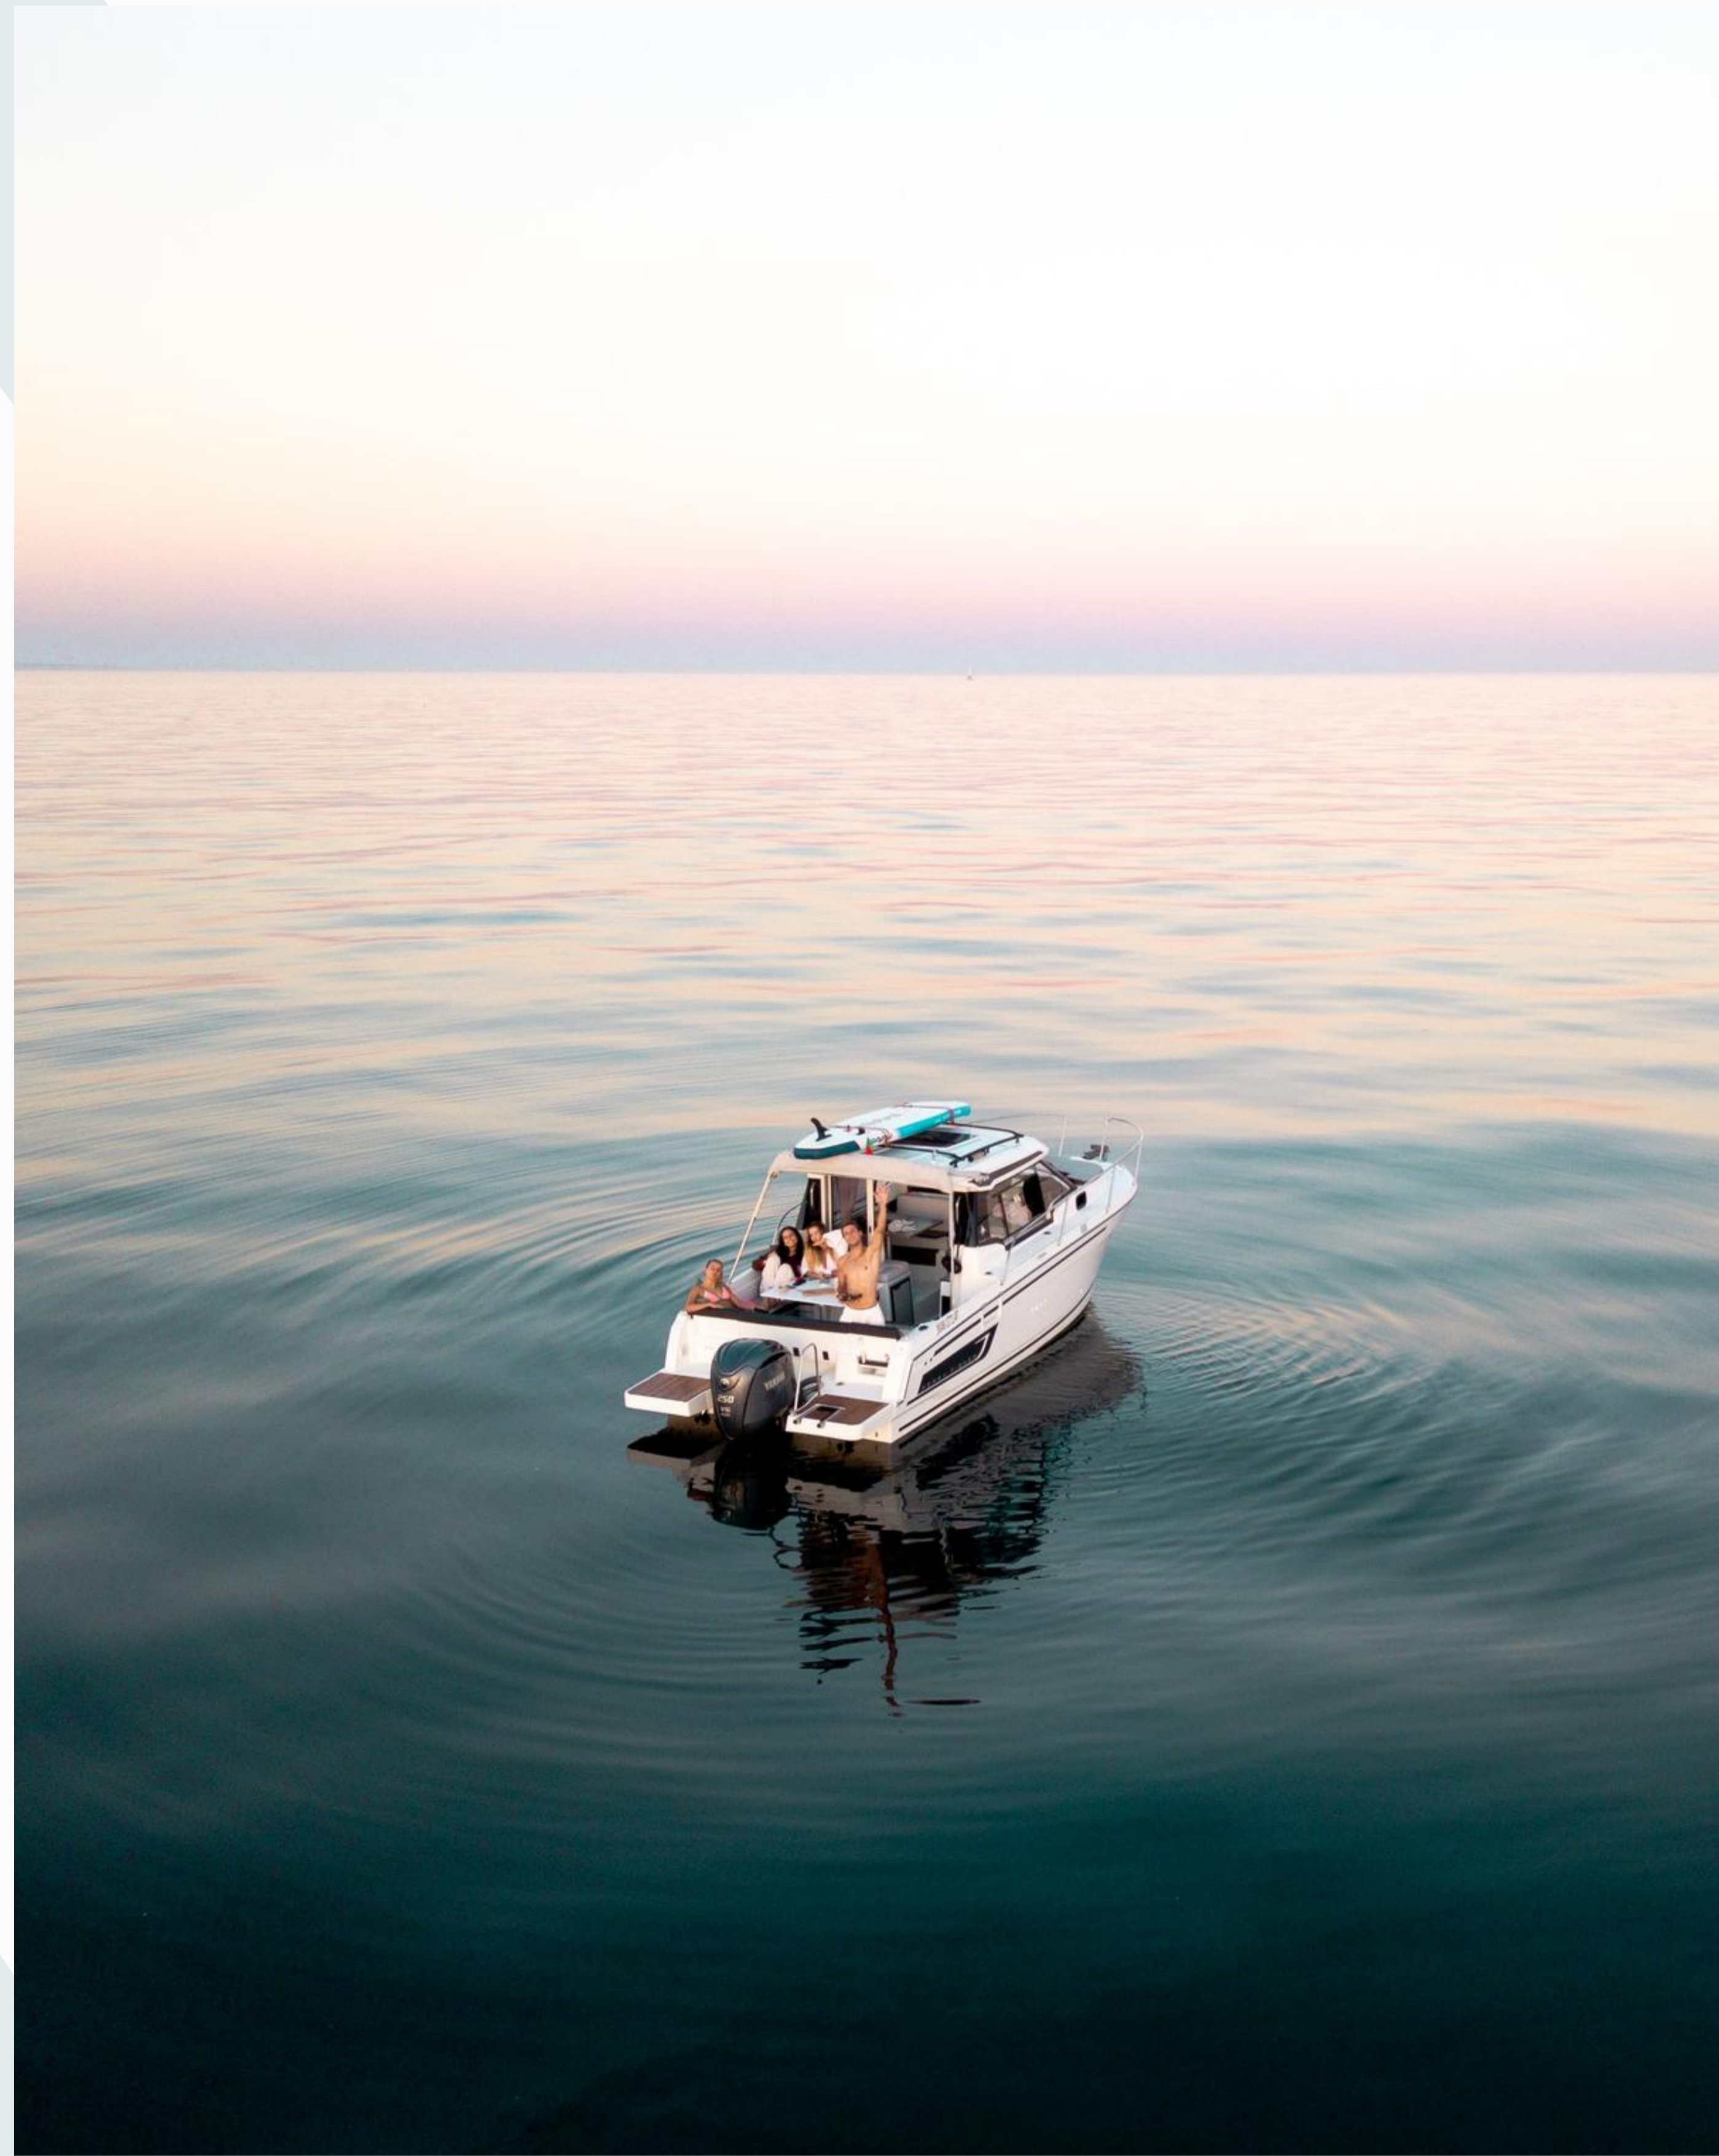

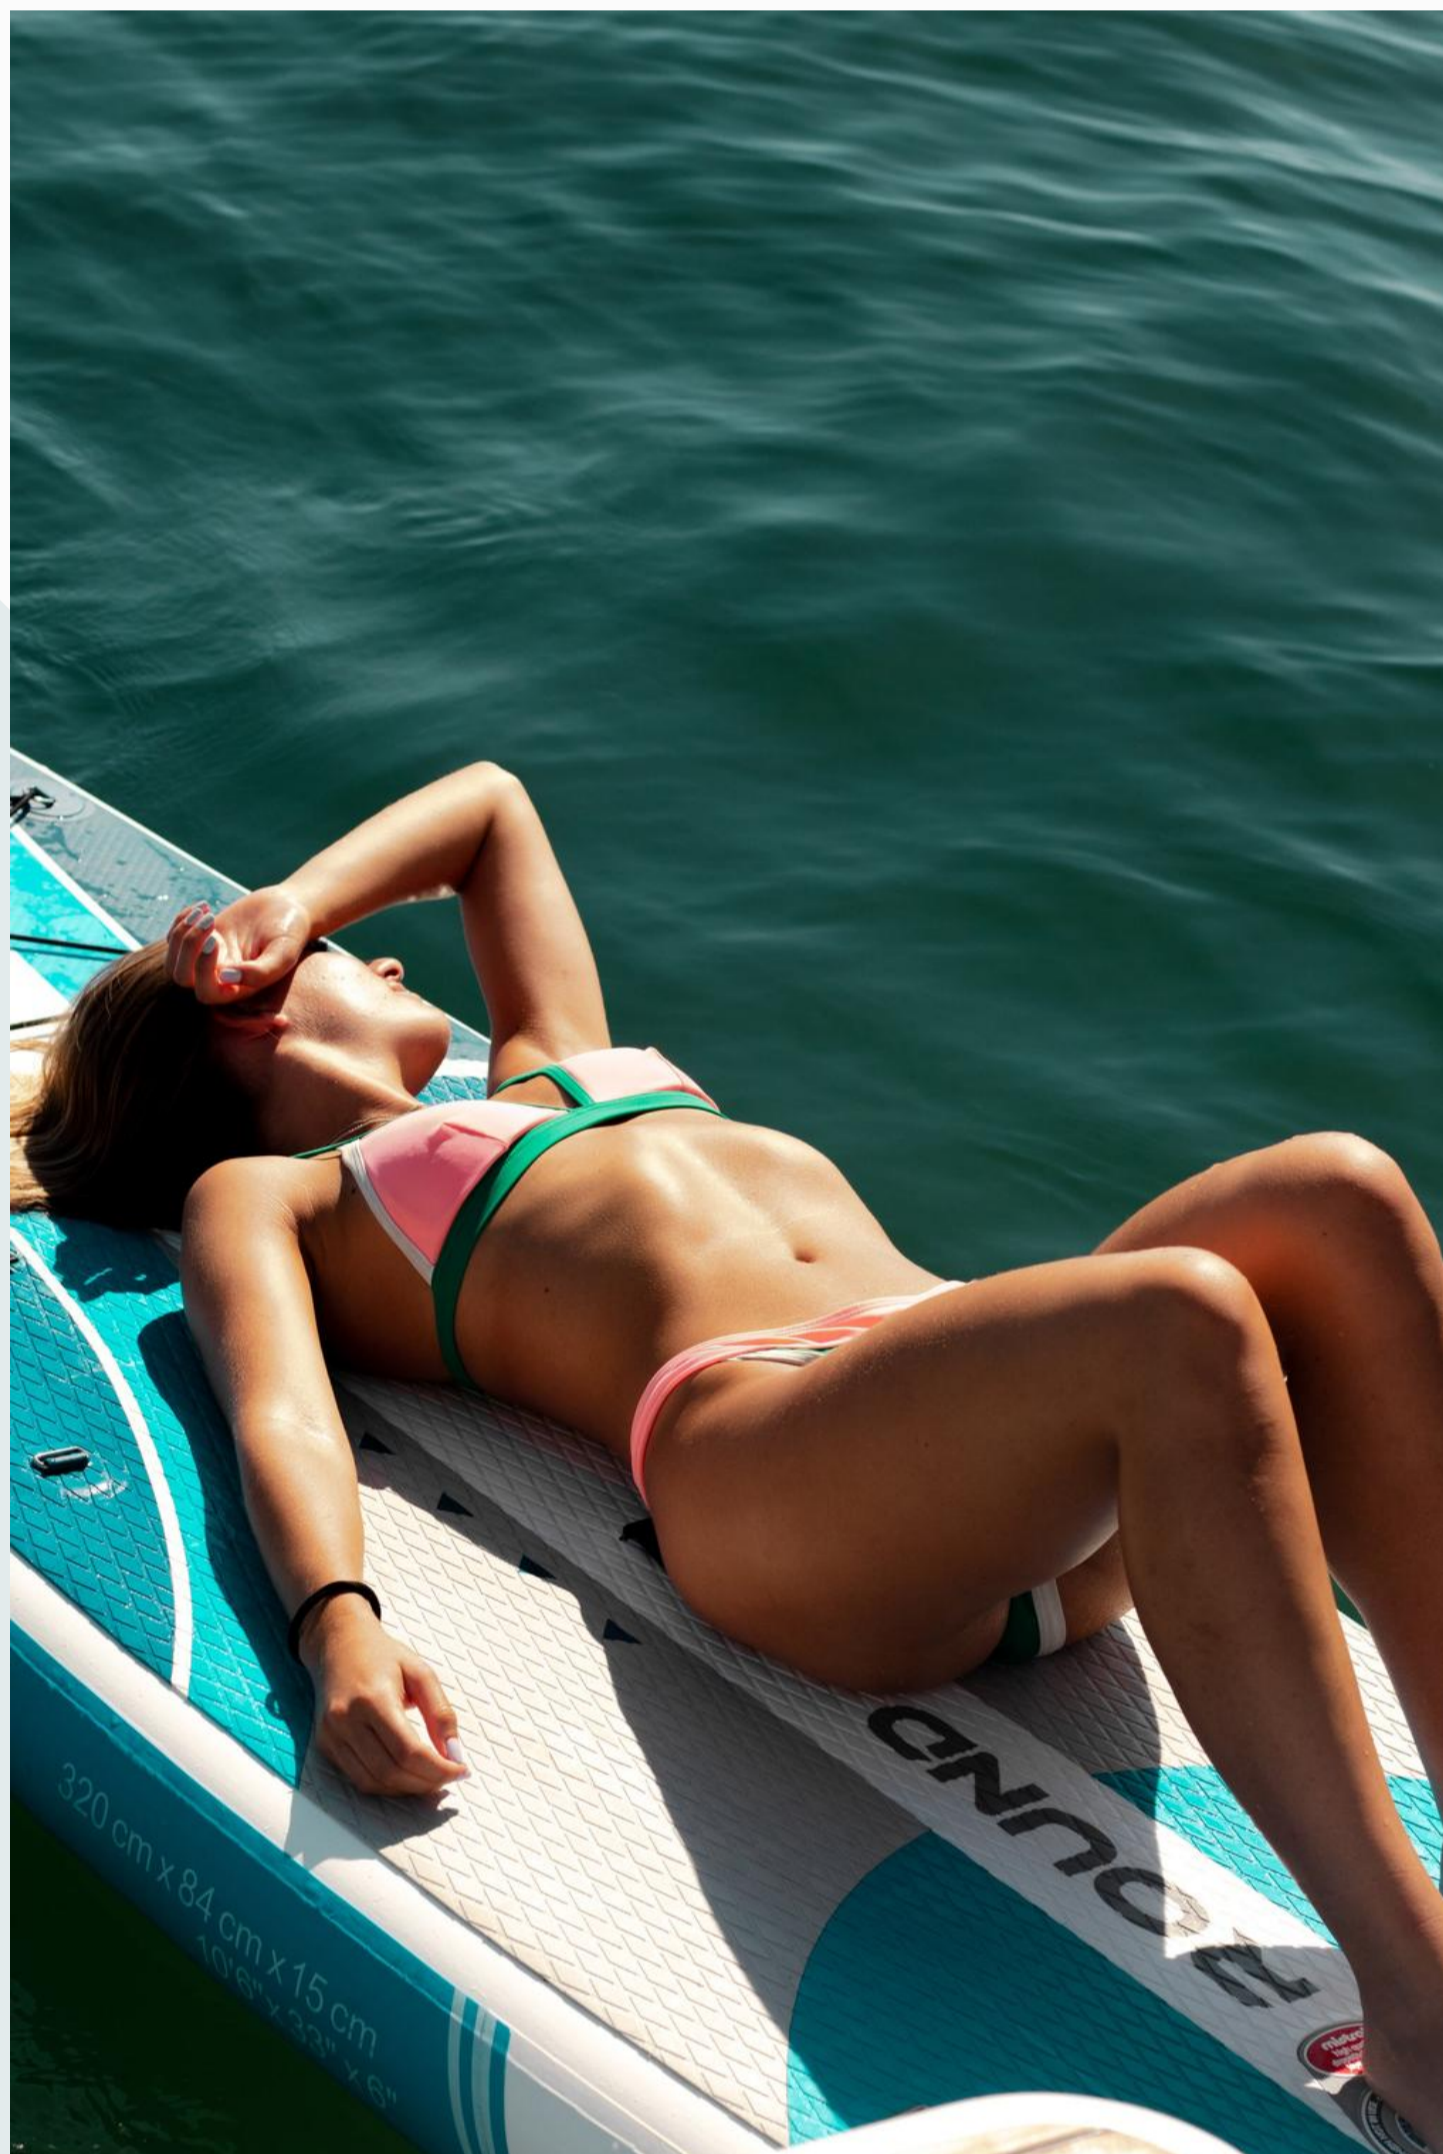

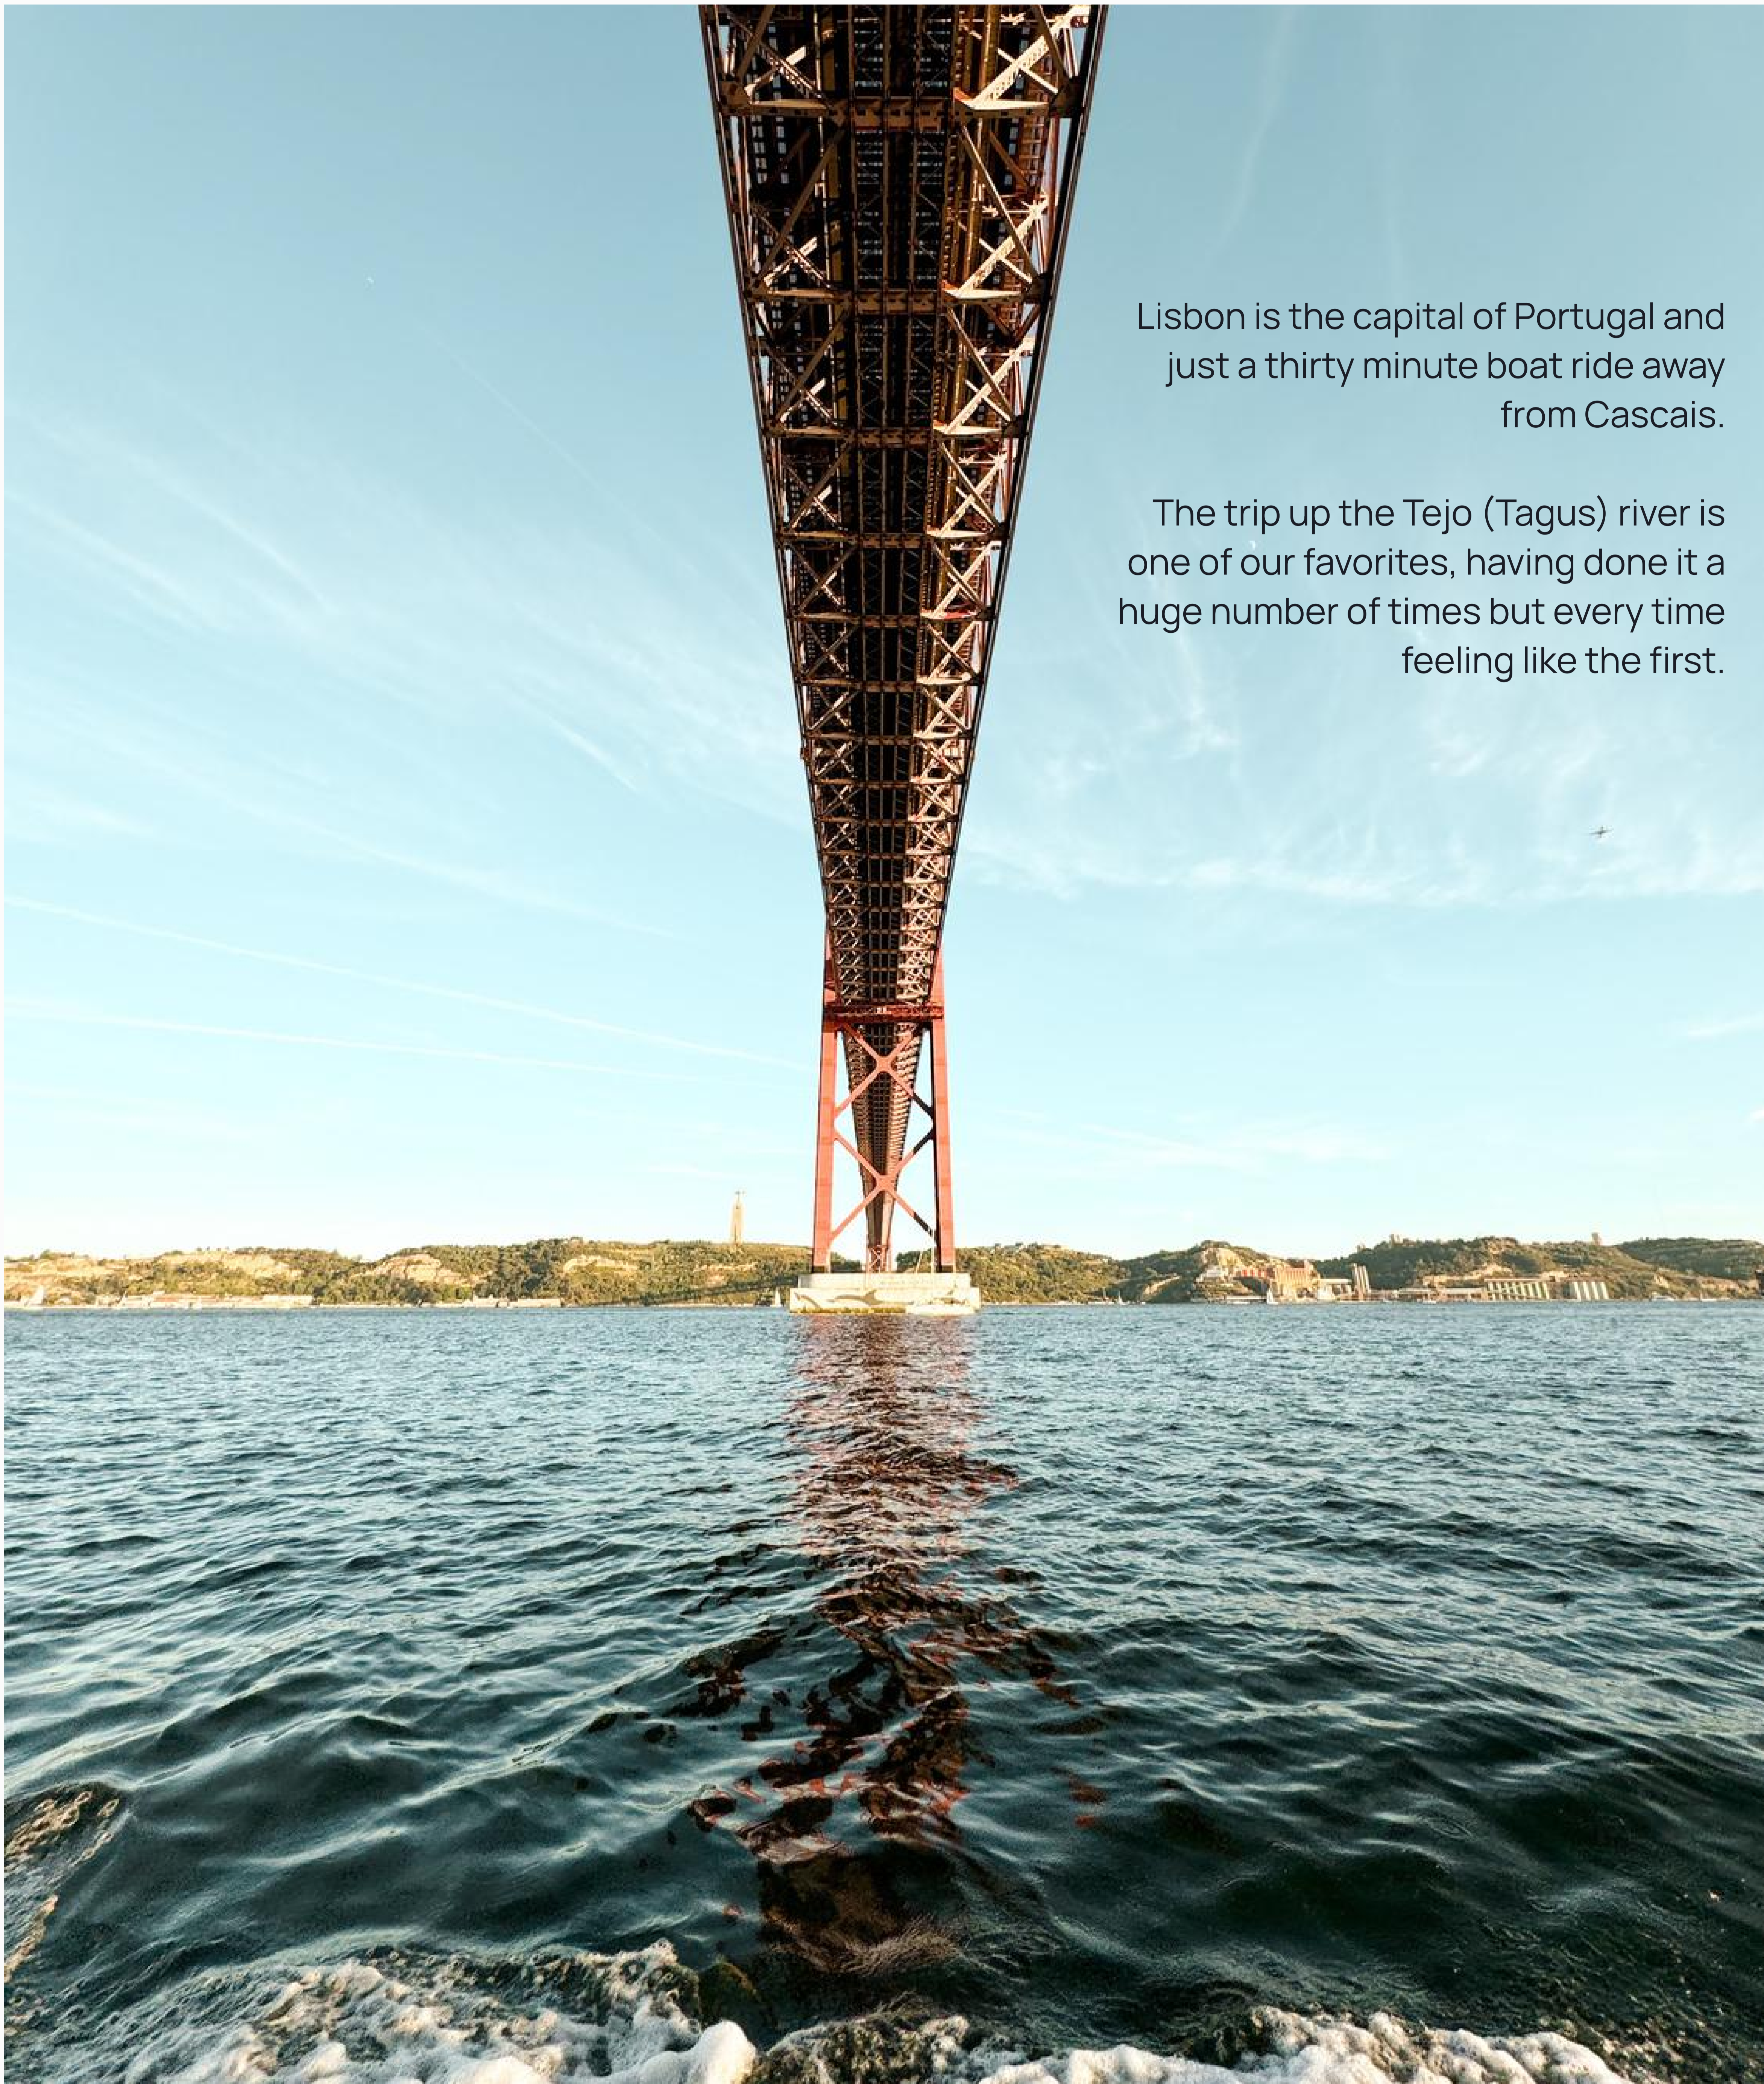

ALGARVE

In 2024 we embarked on an iconic adventure down the coast of southern Portugal, with a final destination in Lagos, Algarve.

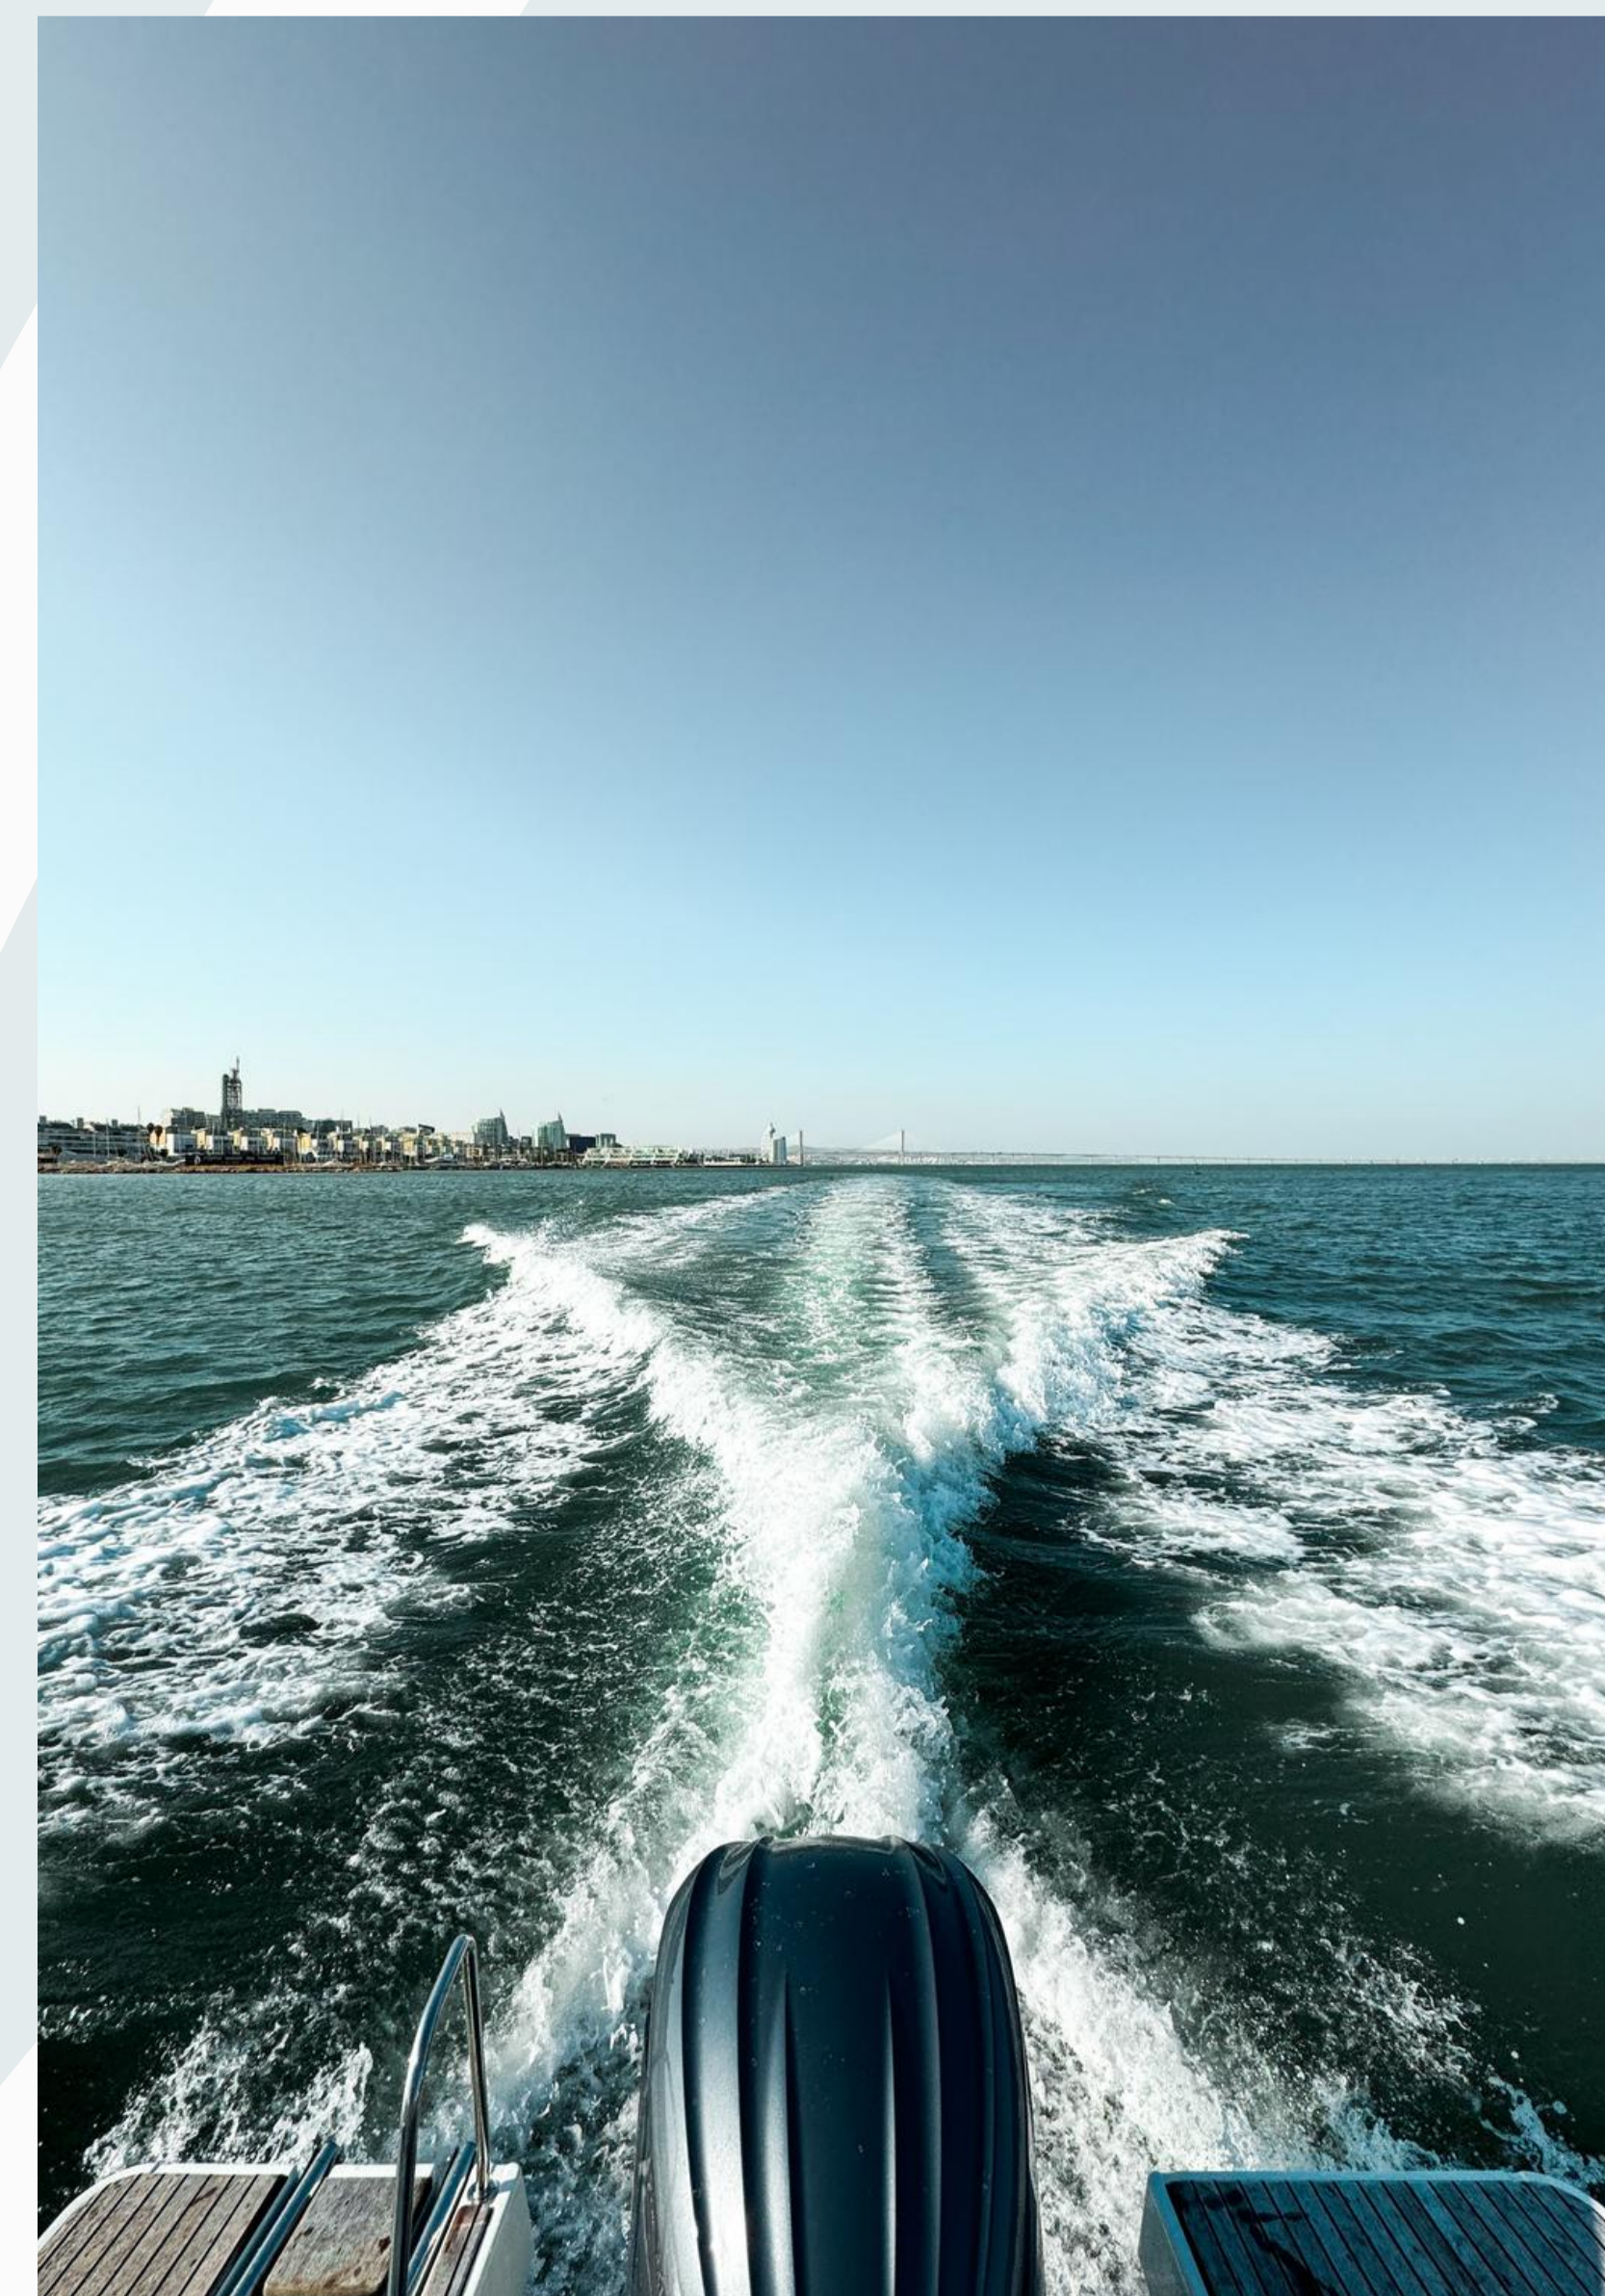

This venture marked the launch of our project and the beginning of what came to be a summer full of memories amongst clients, friends and family.

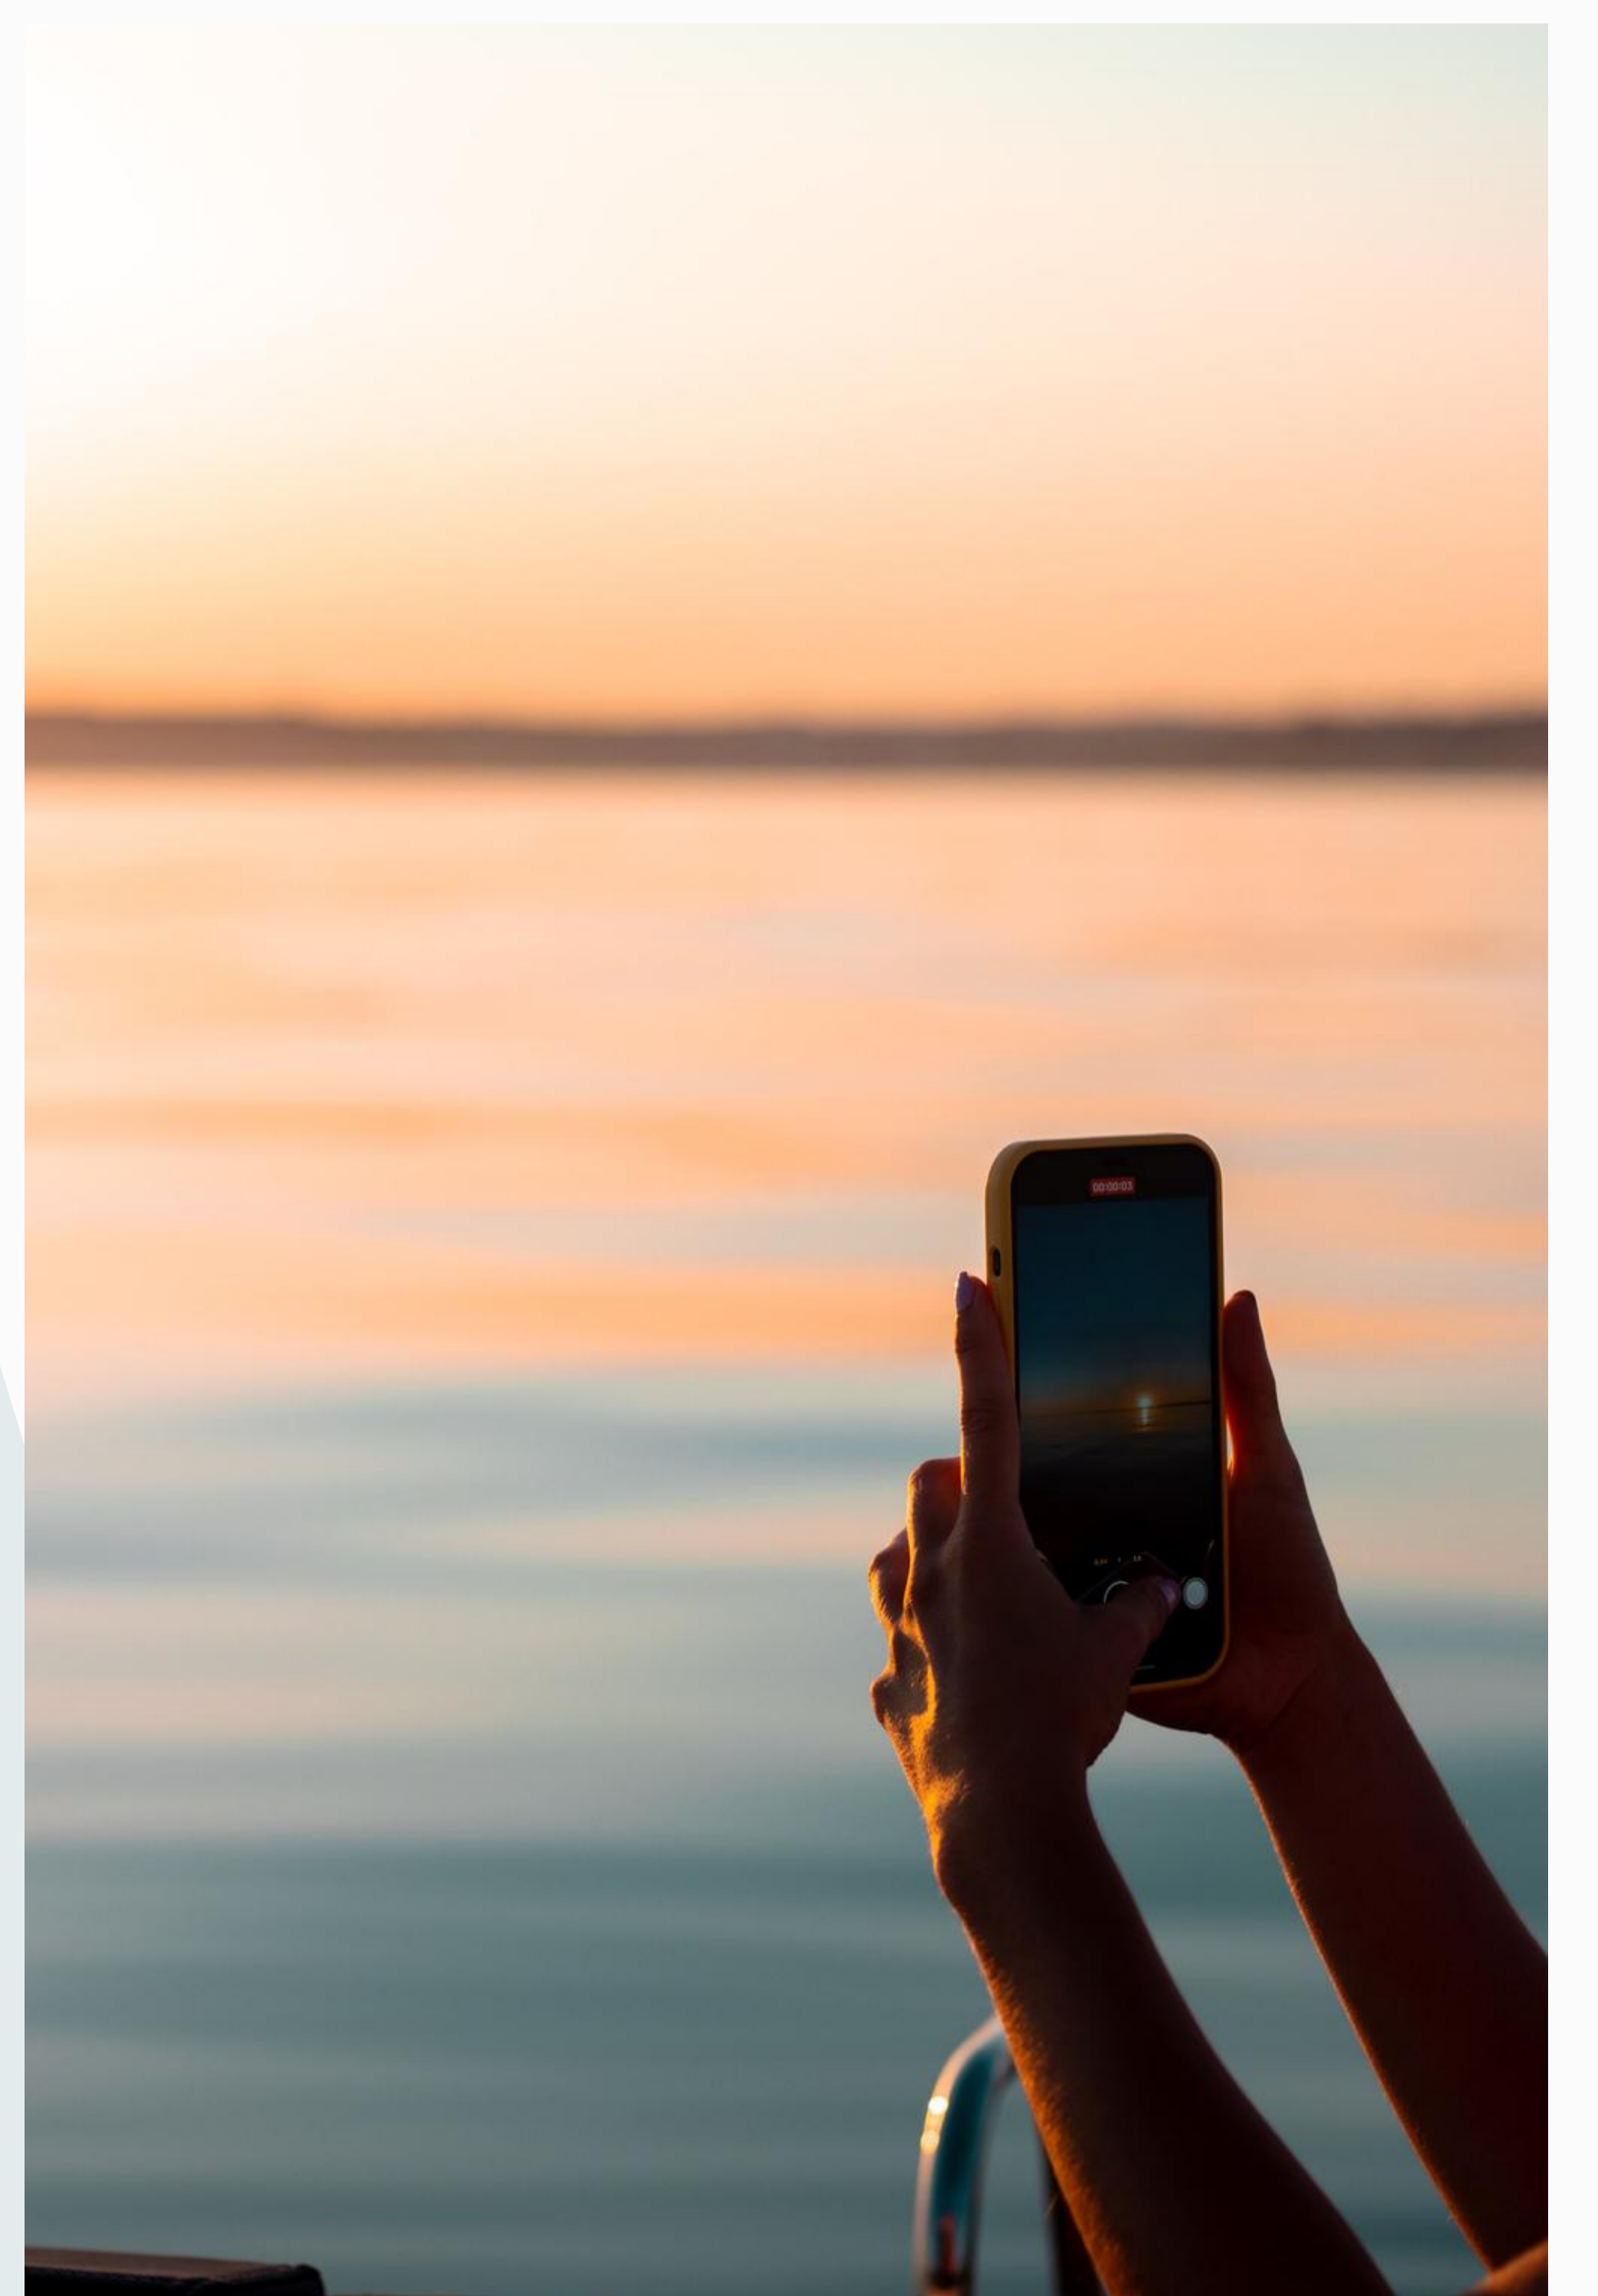

Lisbon is the capital of Portugal and just a thirty minute boat ride away from Cascais.

The trip up the Tejo (Tagus) river is one of our favorites, having done it a huge number of times but every time feeling like the first.
