SOS · EVIDENCE PRESERVED

— TODAY'S REALITIES ON THE ROAD · SAFETY FIRST

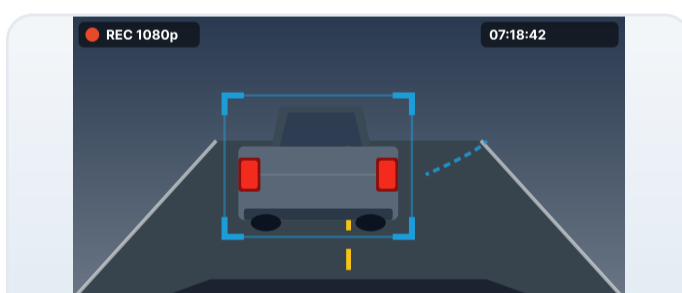

Drivers face suspension and CDL risk when falsely accused. One unproven claim threatens a career.

False claims and nuclear verdicts wipe out years of premium savings. Without forward evidence, fleets pay.

Exoneration starts at the windshield. Forward video protects the driver, the policy, and the business in one frame.

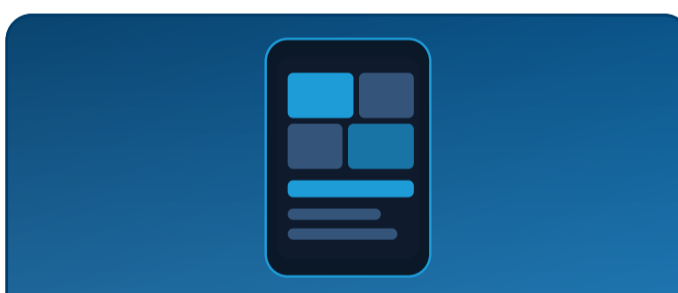

One device. Six reasons fleets choose IQ-CAM MC30.

THE AIRIQ SOLUTION

Driver exoneration

1080p forward proof settles disputes, defends CDLs, and shuts down nuclear verdicts.

Full-feature mobile app

Live view, evidence, scorecards, geofencing. Fleet in your pocket. iOS & Android.

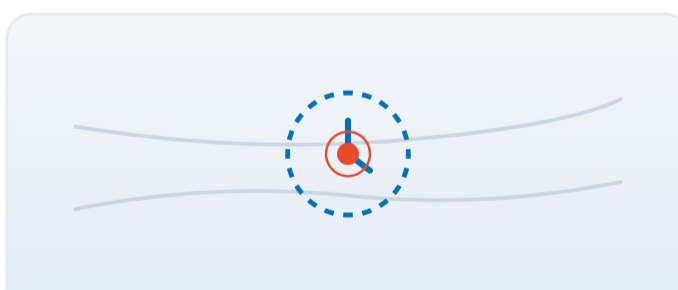

One-press SOS

Driver hits the button: footage flagged, dispatch alerted, moment preserved instantly.

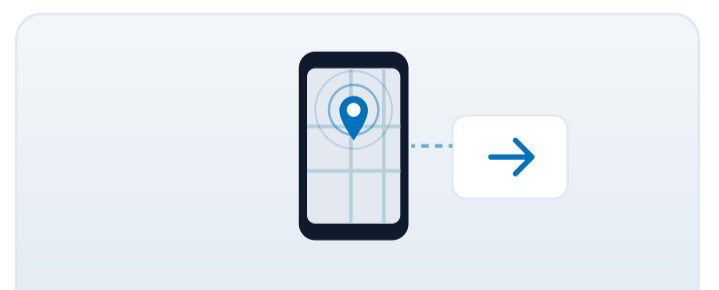

Single pane of glass

Video and assets in one screen. No toggling between apps to investigate.

Retroactive geofencing

Draw a fence around any address today, see every visit from the past.

Device location sharing

Share live vehicle locations to reduce status-check calls.

NEXT STEP

Protect your drivers and your bottom line with the MC30
