

Communicate your way

Express yourself in a way that works for you with Webex gestures and reactions. You can fully participate in meetings without disrupting the speaker or even speaking at all. Choose from eight emojis to share your enthusiasm for an idea, applaud the speaker, or laugh at a joke.

During your next meeting, event, or breakout session, try using gestures and reactions to engage attendees in a new and fun way. Gestures and reactions give you the power to communicate your way.
