Able to streamline data management from multiple sources of data

Integrating different source of data for your team to work on.

# Manage relationships with capital providers, investors, fund managers, and family offices

The screenshot displays the RETOOLERS interface for managing capital providers. At the top, there are tabs for 'Capital Provider', 'Main', 'Family Office', 'Fund Manager', 'Limited Partner', and 'Service Provider'. A search bar is located on the right. Below the tabs, there are filters for 'Single' and 'Multiple', a 'Search column' input, a status filter set to 'STATUS:To review', and buttons for 'Show my CP' and 'Show all CP'. A 'View CP' dropdown and an 'Add CP' button are also present. The main area is a table with columns: CP Name, CP Type, Country, CP UUID, Established Year, LinkedIn Profile, Website, Already Che..., and Alternat... The table contains several rows, with the first row highlighted in light blue. A callout box highlights this row, and an arrow points to it with the text 'Track Profile'.
