- Working on small handout explaining what IJJA is and benefits of membership (would like to find more ways to members and new members to join by offering a free training like we had or working together with community partners to find free online training for members. Maybe include them in our newsletter (I.E district Liasson for the state news letter)
- Had Idea for a raffle for the vendor booth- need input and thoughts from everyone on the following: Should we offer a raffle for either a membership or for scholarship to attend the Conference?
