# URINARY HEALTH SCREENING

## Take the Pressure Off

We often dismiss subtle signs like frequent urination, urgency, a weak stream, or pelvic discomfort as part of ageing or stress. However, they may signal underlying conditions affecting the bladder, kidneys, or urinary tract.

A comprehensive check offers peace of mind and early detection — an important step toward better health for both men and women.

# \$\$600<sub>NETT</sub>

## PACKAGE INCLUDES:

Uroflowmetry

Bladder ultrasound (bedside)

Consultation with Urologist

**Dr Sam Peh Oon Hui**

MBBS (UK), FRACP (Med Oncology),
