Project Name:

Estimated Install Date:

Sales Rep/CSR:

Worksurface Setup

How many workstations are needed?

Do you prefer full desk shells or separate desktops?

If desktops only are preferred what type of legs/supports would you like?

Power Requirements

Is power needed at each workstation? If not, advise which stations require power.

Will power be supplied via ceiling feed (power pole) or base feed (floor or wall)?

How many outlets are required per workstation? (Note: One duplex = 2 outlets)

Is data connectivity required at each station? If not, advise which station require data.

Are isolated/dedicated grounds necessary?

Height Requirements

What panel height do you prefer? (Options: 39", 53", or 67")

Will all panels be the same height? If not, please indicate height variations below.

What panel style is required: solid, glazed top (67" height only), or frosted add-ons?

Storage Considerations

Is overhead storage needed at each workstation? If so, do you prefer flipper-door hutches or open shelves?

Are under-desk pedestals required at all workstations (e.g., Box/Box/File, Box/File, or File/File)?

Please specify your preferred configuration.

Do you prefer metal or laminate finishes?

How many pedestals should be provided per workstation?

Other Considerations

Do you require chairs?

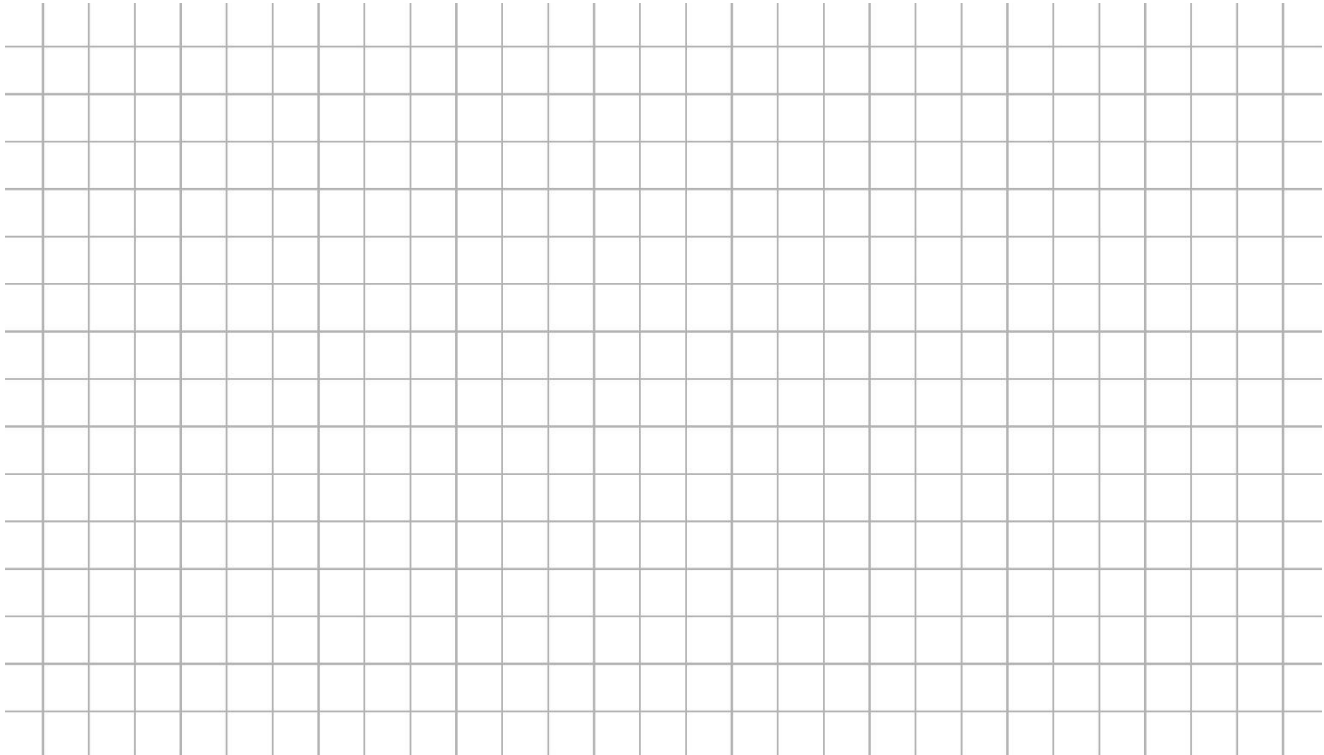

Do you want to include paper trays or tackboards?

Additional Notes:

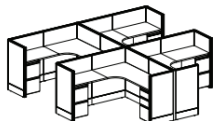

Please provide a sketch, drawing or CAD file that includes as much detail as possible.

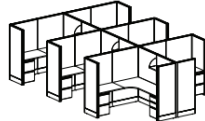

***N9NE offers an initial drawing service at no cost.** Each project includes up to two rounds of revisions at no additional charge (note: an alternate version of the same project counts as a revision). Additional revisions beyond the second will be billed at **\$45 per revision**. Please allow **up to 48 hours** for initial drawings and 24–48 hours for revisions.
