You are about to purchase a product that is not simple and may be difficult to understand.

What is this product?

Type	The Fund is a French Professional Specialised Fund (<i>Société de Libre Partenariat – S.L.P.</i>) incorporated under the laws of France as an investment company with variable share capital (<i>Société en commandite simple</i>); and qualifies as an alternative investment fund (“AIF”). The Fund is subject to articles L. 214-162-1 <i>et seq.</i> of the French Monetary and Financial Code. The product offered to you is the Shares, The Fund is a private equity fund formed to invest in shares or units of underlying funds (the “ Underlying Funds ”).
Term	The Fund has an initial term of twelve (12) years from its final closing date and such term may be extended by AIFM upon proposal of the Investment Advisor of the Fund for up to three (3) one (1) year periods, the maximum term thus being fifteen (15) years as from the Constitution Date. The PRIIP Manufacturer cannot terminate the Shares unilaterally. The Shares, the Fund, the Underlying Funds can be terminated early and liquidated in the cases set out in their respective prospectus and articles of incorporation.
Objectives	The Fund’s objective is to generate significant capital appreciation by investing its assets in private equity funds invested in all kinds of private equity situations. The main strategy of the Underlying Funds will be to make equity investments (minority or majority) in private companies. The Fund will select the Underlying Funds from among active funds in the following main strategies: early- stage venture capital to growth capital. The Fund will seek to build a diversified and balanced portfolio, both geographically and in terms of the sector strategies of the Underlying Funds. In pursuing its investment objective, the Fund may consider investments in secondary transactions, i.e. acquiring existing stakes in private equity funds, on an opportunistic basis. If an Investment opportunity allocated to the Fund exceeds the amount that the Fund wishes or is able to invest, the Management Company may, at its own discretion and if it deems it appropriate, offer co-investment opportunities in the relevant Underlying Funds to Limited Partners and/or third parties. The Fund may co-invest alongside any Affiliated Funds (if any) and Affiliated Company.
Intended retail investor	LP Shares can only be subscribed by investors referred to in paragraph VI of article L. 214-162-1 of the French Monetary and Financial Code ; and any other investor, provided that subscription or acquisition are performed in its name and on its behalf by an investment service provider acting as part of an asset management investment service according to the conditions set out in article L. 533-13 I of the French Monetary and Financial Code and article 314-11 of the AMF General Regulation. (the “ Qualified Investors ”). The LP Shares are intended for eligible Qualified Investors who (i) have sufficient experience and theoretical knowledge to assess the risk of investing in private equity funds; (ii) are able to sustain investments in illiquid, close-ended funds; (iii) have a long-term investment horizon and (iv) have sufficient resources to be able to bear any losses that may result from an investment in the LP shares.

What are the risks and what could I get in return?

The risk indicator assumes you keep the product for 15 years. You cannot cash in early.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 6 out of 7, which is the second-highest risk class. This product is classified as category 6 due to a risk of capital loss of up to 100% of the capital invested.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. **What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.**

The stress scenario shows what you might get back in extreme market circumstances.

The scenarios shown are illustrations based on results from the past and on certain assumptions. Markets could develop very differently in the future.

Example investment: EUR 10 000. Recommended holding period: 15 years. Minimum: There is no minimum guaranteed return. You could lose some or all of your investment.

Scenarios		If you exit after 15 years (minimal required holding period)
Stress	What you might get back after costs	5,150 EUR
(product ends after 15 years)	Average return each year	- 4.3 %
Unfavourable	What you might get back after costs	11,050 EUR
(product ends after 15 years)	Average return each year	0.7 %
Moderate	What you might get back after costs	18,680 EUR
(product ends after 15 years)	Average return each year	4.3 %
Favourable	What you might get back after costs	28,320 EUR
(product ends after 15 years)	Average return each year	7.2 %

This table shows how much money you could get back over the next 10 years, under different scenarios, if you invest EUR 10,000. The scenarios shown illustrate the possible performance of your investment. You can compare them to scenarios of other products.

What happens if FundPartner AM is unable to pay out?

Losses are not covered by a compensation or guarantee program for investors. The retail investor may face a financial loss due to the default of the PRIIP manufacturer.

The Product is constituted as a separate entity from FundPartner AM. In the event of default by the management company, the assets of the Product held by CACEIS Bank S.A. (the « Custodian ») will not be affected. In the event of default by the Custodian, the risk of financial loss to the Product is mitigated by the legal segregation of the assets of the Custodian from those of the Product.

The Custodian will also be liable to the Fund and the investors for any loss arising from, among other things, its negligence, fraud, or intentional failure properly to fulfil its obligations (subject to certain limitations).

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product [and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario
- EUR 10 000 is invested.

EUR 10 000 investment	If you exit after 15 years
Total costs	2,279 EUR
Annual cost impact (*)	1.5 %

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 5.8 % before costs and 4.3 % after costs.

Composition of costs**

One-off costs upon entry or exit		If you exit after 15 years
Entry costs	0.00 % maximum of the amount you pay in when entering this investment. These costs are already included in the price you pay.	0 EUR
Exit costs	We do not charge an exit fee for this product.	0 EUR
Ongoing costs		
Management fees and other administrative or operating costs	1.06 % of the value of your investment per year. This is an estimate	106 EUR
Transaction costs	0.00 % of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	0 EUR
Incidental costs taken under specific conditions		
Performance fees and carried interest	The actual amount will vary depending on how well your investment performs.	46 EUR

** These above Composition of Costs figures are based on estimated costs and therefore the actual paid by an investor may differ, even significantly. These costs are shown as a percentage of the aggregate Subscription Capital Amount of the Fund estimated to be 80 million euros). The costs represent the expected average yearly rate throughout the lifecycle of the Fund, estimated on 15 years as from its Initial Closing Date. The actual costs may, in any particular given year, exceed the above amounts. The average yearly overall costs ratio is expected to be higher for the first part of the life of the Fund. The above table does not include any Subscription fees that may be applicable or any redemption costs (if applicable). Ongoing costs are not including any possible financing costs. Other ongoing costs are including average Management fees calculated based on the different Management fees rate during the life of the Fund, and, where applicable, based on a forecasted Invested capital. These figures will be updated following portfolio investments to reflect transparently underlying costs.

How long should I hold it and can I take money out early?

Recommended minimum holding period: 15 years

The Fund is a closed-ended investment. Investors have no redemption rights at their initiative during the term of the Fund and the holding period of the Shares is fixed until the end of the term of the Fund as described under the heading "Term" of this KID. An investor may transfer the Shares in accordance with the terms set out in the LPA and the articles of association.
