REDUCE WASTE THIS SPRING

Easy low-waste habits for April:

- Before you replace an item, see if it can be repaired. If you do purchase something new, find the highest quality/longest lasting option possible.
- Opt for used products. Reuse or rethink what you already have or purchase a "gently used" item from a resale/thrift shop. Browse reuse websites (listed on above) or share/trade items with friends and neighbors.
- Choose reusables. Make it a habit to use travel mugs, reusable water bottles, and reusable shopping bags/totes.

Keep Our Compost Stream Clean & Green!

Help us keep Livermore's organics loop thriving. From your kitchen pail to nutrient-rich compost. You play a big part in keeping this cycle clean!

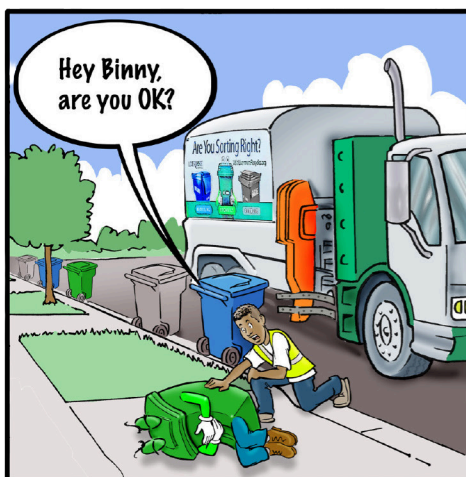

What belongs in your green cart:

- Food scraps (fruit, veggies, bread, eggshells, coffee grounds)
- Food-soiled paper like napkins, paper towels, and pizza boxes
- Yard trimmings, leaves, and cut flowers

All plastics (even ones that look compostable) make Binny sick, so please keep them out of the green cart.
